Proposed Roadway Sections

Grant Street to Alpine Lane

Anticipated Schedule

Design - 2013 through 2015.

- Follow federal process for design.

Real Estate

- This project will require right of way acquisition. Temporary easements may also be required to blend in with the existing ground.
- Real estate acquisition activities will begin in 2015-2016.

Construction

- Apply for construction funding in the 2015-2020 cycle.

Public Involvement

- This is the first of three public information meetings.
 - Explain project
 - Gather information from residents/businesses
- The second public information meeting is scheduled for summer 2014.
 - Share preliminary design/alternatives
 - Review preliminary impacts
- The third public information meeting is scheduled for 2015.
 - Share Final Design
 - Final Impacts
 - Construction Schedule/Traffic Impacts

Thank You

- Please see a project representative with any questions.
- Comment forms are provided and email can also be used to deliver feedback.
