Describe any record evidence, monument evidence, testimonial evidence or any other material evidence you considered and whether the monument was found or restored through acceptance of an obliterated evidence location.

George Bradish, Deputy County Surveyor, was at this corner in October of 1877. We found a stone at the occupied corner which I accepted as the best available evidence of the original government corner position.

Describe or show any material discrepancy between the location of the restored corner and that of the corner previously restored or reestablished.

None known.
