Assumed

Describe any record evidence, monument evidence, testimonial evidence or any other material evidence you considered and whether the monument was found or restored through acceptance of an obliterated evidence location.

Norm Hurlburt found a nail at the occupied fence corner and accepted it as the best evidence of the original government corner. I removed the nail and replaced it with a Berntsen monument.

Describe or show any material discrepancy between the location of the restored corner and that of the corner previously restored or reestablished.

None known.
