The two most pressing concerns for survivors of abuse are the need for safe housing and the need for economic resources to maintain safety.

A study of homeless women with children found that 80% had previously experienced domestic violence.

57% of all homeless women report domestic violence as the immediate cause of their homelessness.
Understanding the Intersection

- Poor credit and ruined rental histories
- Lack of steady employment
- Housing discrimination
- Loss of subsidized or affordable housing
In 2019...

- Only 49% of the adult survivors leaving our shelter found affordable housing
In 2020...

- Only 41% of adult survivors leaving our shelter found affordable housing
Housing costs and availability on January 15, 2021

- One Efficiency Apartment - $450/month
- Four 1 Bedroom Apartments - $650-$1135/month (one with utilities included)
- Seven 2 Bedroom Apartments - $740 - $890/month (utilities not included)
