

# COUNTY OF LA CROSSE, WISCONSIN

## Comprehensive Annual Financial Report

For the Year Ended December 31, 2013

**County Administrator**  
Steve O'Malley

**Prepared by**  
La Crosse County  
Finance Department

*Methane gas from the landfill created 61,870 BTU of gas during 2013, which allowed the nearby medical center to be 100% energy independent.*

*The Solid Waste Department took in 162,922 tons of waste during 2013; 57,511 tons of which, were converted to energy or diverted into recycling or re-use projects.*

*Lakeview Health Care Center has provided resident care since 1887.*

# Servant Leadership is our business.

*La Crosse County employees*

## Serving Others First

*The County Library system checked out 492,776 items and loaned 66,598 items to other libraries during 2013.*

*The County Health Lab tests, interprets, and monitors environmental and human health problems in an effort to prevent human exposure to pathogens and chemicals.*

June 24, 2014

County Board of Supervisors  
Citizens of La Crosse County

State Statute and Administrative Rule Tax 16 require counties with populations of 25,000 or more to submit audited financial statements by July 31, 2013. Debt issuance covenants also require the County to prepare financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The audited financial statements must be submitted to any nationally recognized municipal securities information repository prior to 270 days after the end of the fiscal year. Major federal and state programs impose additional audit requirements. Pursuant to the above requirements, we hereby issue the comprehensive annual financial report of La Crosse County for the fiscal year ended December 31, 2013.

Management assumes full responsibility for the completeness and reliability of the information presented in this report, based upon a comprehensive framework of internal control that is established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatement.

CliftonLarsonAllen LLP has issued an unmodified opinion on La Crosse County's financial statements for the fiscal year ended December 31, 2013. The independent auditors' report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

## **Profile of the Government**

La Crosse County, organized in 1851, is located in southwest Wisconsin, along the Mississippi River on the west, and beautiful bluffs and farmland to the east. The area is known for providing excellent year-round recreational opportunities including river recreation, hunting, fishing, downhill skiing and bike trails. The City of La Crosse is the county seat of La Crosse County, which includes two cities, four villages, and twelve townships. The County occupies a land area of 481 square miles and serves a population of 116,713 (2013 estimate).

The County's legislative body is the 29-member Board of Supervisors, each elected to a two-year term of office. The Board delegates responsibility to its membership by using the Standing Committee form of government. The six committees are Executive, Aging and Long Term Care, Health and Human Services, Judiciary and Law, Planning Resources and Development, and Public Works and Infrastructure. The Board appoints an Administrator to carry out its policies and ordinances. The Administrator is also responsible for preparing the annual budget, appointing department heads and overseeing the day-to-day operations of the County. The basic financial statements of the County include all government activities, organizations and functions for which the County is financially accountable as defined by the GASB. Based on these criteria, the Mississippi Valley Health Services Commission is included in this report.

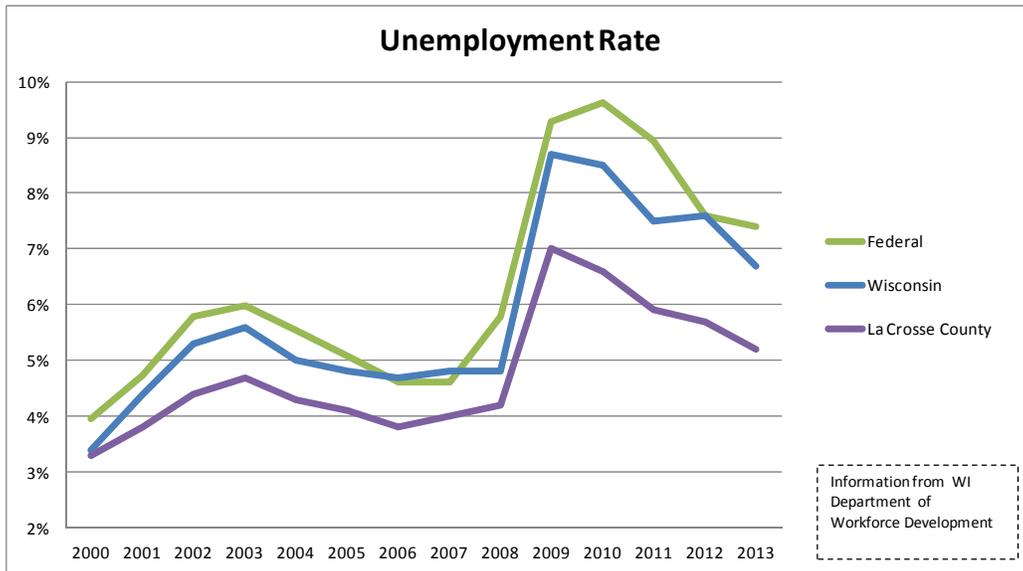

The County of La Crosse provides many services to its citizens, some of which are required by state statute. Those services include maintenance of public records, a five-branch circuit court system, public safety and law enforcement, highway maintenance and construction, public health, human services, aging programs, solid waste, zoning and conservation, library services, parks, veteran's affairs, nursing homes, and UW extension service. Internal services of the County, accounted for on a cost reimbursement basis, are the self-health insurance, self-insurance for liability, self-insurance for worker's compensation, and highway. The CAFR includes all the funds of La Crosse County, Wisconsin.

The annual budget serves as the foundation for financial planning and control. All departments and agencies are required to submit requests to the County Administrator in July, which the Administrator uses as the starting point for developing a proposed budget. The Administrator's Budget is presented to the County Board in mid October. The County Administrator's Budget is reviewed by each of the standing committees, and a legally required public hearing is conducted in early November. The proposed budget is finalized at the November County Board meeting.

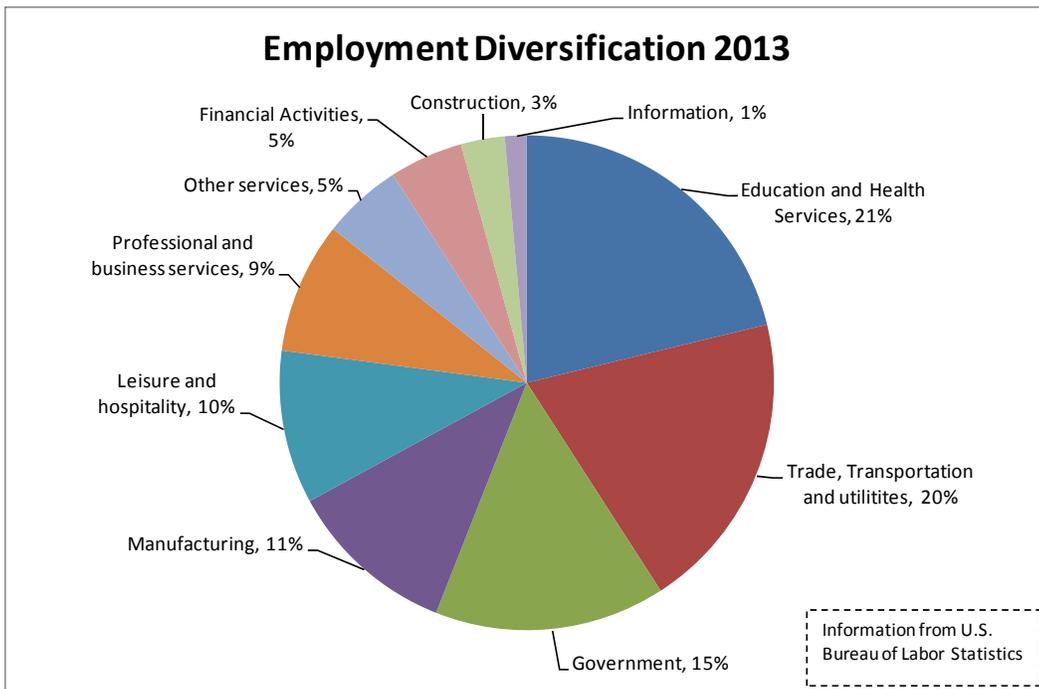

## **Local Economy**

Due in large part to its excellent transportation connections, solid workforce, and well diversified economy, La Crosse County has continued its growth as an employment center for the Coulee Region – serving a regional population of over 400,000. The area also boasts significant natural resources and growing cultural amenities that contribute to the continued success of the tourism industry, as well as the attraction of employers to the area.

The attributes discussed above have allowed La Crosse County to keep pace with the State of Wisconsin and the Nation as a whole on most economic indicators. In fact, La Crosse County again had the 3rd lowest unemployment rate in the State as of March 2014 at 5.4%. As the chart below shows, the County unemployment rate has remained consistently lower than the State of Wisconsin and the national rate.

The following chart shows the employment diversification within La Crosse County for 2013.

La Crosse County also continues to be recognized for its high quality of life by nationally recognized ratings organizations. Recently, the City of La Crosse was ranked #2 in the Most Exciting Small Cities in America” by Movoto due to the active nightlife, active lifestyle and young population the area has to offer. In 2013, the City of La Crosse was ranked #17 in Luminosity’s “Smartest Cities in America.”

In 2012 the restoration project of Grandad Bluff Scenic Overlook in La Crosse received “Project of the Year” by the American Public Works Association for the stabilization of the bluff against erosion and for restoring the park to the 1930s era. The County also received national recognition by the Federal Environmental Protection Agency for the efforts to turn methane gas from the county landfill into electricity and heat for a local medical center.

In 2012, La Crosse ranked 8<sup>th</sup> in the Nation for high credit scores by Experian Credit Services. In 2011, Forbes.com ranked La Crosse in the top 40 for “Best Places for Business and Careers”. In 2009, U.S. News and World Report magazine listed La Crosse as one of the ten “Best Places to Live.” This ranking is based on the economy, population, cost of living, crime rate, and access to educational, cultural and recreational opportunities. The League of American Bicyclists designated the City of La Crosse as a “Silver Level Bicycle Friendly Community” in 2011.

In 2012, State Highway 35 that stretches through La Crosse County, following the Mississippi River, was named the “most scenic drive” in the U.S. by Huffington Post.

The County’s tourism continues to be a big industry for La Crosse as the county had over half a million visitors in 2013, bringing in more than \$200 million dollars. It shows that our area is a destination for activities, festivals, events, and conventions.

These national recognitions continue to show how La Crosse County is progressive in its work to maintain healthy growth in the local economy.

### **Long-Term Financial Planning**

As part of long range planning, the County employs a five-year comprehensive capital improvement plan. This process ensures that capital project needs are reviewed and evaluated on an annual basis to ensure that all projects are identified, priorities established and the possible ways to finance them are discussed.

### **Relevant Financial Policies**

The annual budgets are prepared with the following principles in mind: Limiting the use of reserves to fund ongoing operating expenses, examining service delivery systems to ensure we are maximizing revenue sources, and making internal organizational changes to increase efficiencies and service. In addition to those principles, La Crosse County prepares the annual budgets in conformance with the following polices: funding for services must be

adequate to maintain public confidence in County government and at the same time recognize taxpayer's ability to pay, budgets shall provide for the responsible replacement and maintenance of buildings, equipment and infrastructure, and the budgets are prepared to be responsive to the County's operating environment.

## **Major Initiatives**

### **Lakeview Campus**

In 2012, a market study was completed for the Lakeview nursing home campus in regard to replacing buildings and/or consolidation and elimination of one or more programs that are operated by the County nursing homes.

The study found in order to maximize Federal and State reimbursement amounts the following should be built: one-8 bed CBRF (community based residential facility) which would serve the current facility for the developmentally disabled; two-16 bed CBRF for special needs clients, one-10 bed State-only nursing home for behavioral health, and one-50 bed nursing home to serve primarily La Crosse County residents.

The 8-bed CBRF, Monarch Manor, was under construction at the end of 2013 and started accepting residents in June 2014. The additional facilities will begin construction later this year. Still to be evaluated is building an additional 40-bed facility to serve the MVHS member counties' clients.

### **Highway Project County Road OA**

County Road OA, a major route through the County, has experienced fatalities and several accidents in past years. In 2008, work started on redesigning the road to remove the "S" curves and widen the road. Reconstruction work began in 2013 and was completed in the spring of 2014. A safety grant of approximately \$600,000 was awarded and the County issued a bond of \$5,245,000. The project was completed with a joint effort of private contractors and County highway employees.

### **Administrative Center and Lot C**

During 2013 the county was approached about selling the county administrative center to a private contractor who plans to convert the building into 200 units of student housing for nearby Western Technical College. The building would have an estimated \$6.8 million value and would put the property back on the tax rolls. The Administrative Center has been deteriorating and has a number of maintenance needs that cannot be done without dealing with asbestos sprayed throughout most of the building. Consultants agreed that the center's design and the extent of the asbestos make it virtually impossible to remove without demolishing the interior. By selling the building to the private contractors, the County would not need to pay for asbestos removal.

A committee, composed of elected officials, business leaders, members of the public and other downtown stakeholders, was established to study the selling of the center, renovating options for the center, and the development of parking lot "C." After analyzing several options, the committee concluded the county should sell the current administrative center, purchase and renovate a nearby bank building, and develop parking lot "C." The committee

agreed there was a strong willingness to develop in downtown and share parking facilities to maximize the site efficiencies and defray project costs as much as possible. Several mixed-use options have been discussed; including a new hotel, retail, dining, office and housing. The County is currently reviewing proposals from developers. More detailed information may be found on the county's website.

### **Community Development Block Grant Funds**

During early 2014 the county was awarded \$2,080,000 from the Wisconsin Department of Administration to be the fiscal agent of community development block grant funds for an 11-county area in southwestern Wisconsin. The grant funds are for rehabilitation of single-unit residential houses and for direct homeownership assistance. The County contracted with Coulee Cap to be the administrators of the grant.

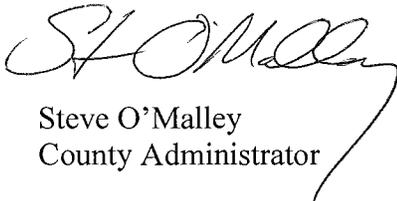

### **Awards & Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of La Crosse for its comprehensive annual financial report for the fiscal year ended December 31, 2012. This was the eighth consecutive year that the county has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the dedicated efforts of the Finance Department staff, specifically Sharon Davidson, Jonathan Edwards and Frank Baures. We would also like to show recognition for the hard work and excellent assistance received from our independent auditors, CliftonLarsonAllen LLP.

Respectfully submitted,

Steve O'Malley  
County Administrator

## INDEPENDENT AUDITORS' REPORT

County Board of Supervisors  
La Crosse County  
La Crosse, Wisconsin

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of La Crosse County, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of La Crosse County as of December 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters*****Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the schedule of funding progress - OPEB be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise La Crosse County's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2014, on our consideration of La Crosse County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering La Crosse County's internal control over financial reporting and compliance.

*This Page Was Intentionally Left Blank*

# LA CROSSE COUNTY, WISCONSIN

## Management's Discussion and Analysis

December 31, 2013

As management of the County of La Crosse, we offer readers of the County of La Crosse's financial statements this narrative overview and analysis of the financial activities of the County of La Crosse for the year ended December 31, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

### FINANCIAL HIGHLIGHTS

- The assets of the County of La Crosse exceeded its liabilities at the close of the current year by \$150,992,338 (net position). Of this amount, \$45,262,558 (unrestricted net position) may be used to meet ongoing obligations to citizens and creditors, \$12,315,884 is restricted for specific purposes (restricted net position), and \$93,413,896 is the net investment in capital assets.
- The County's total net position decreased by \$5,141,965. Governmental activities decreased the County's net position by \$4,791,413; while business-type activities decreased by \$350,552.
- As of the close of the current year, the County of La Crosse's governmental funds reported a combined ending fund balances of \$38,445,548, a decrease of \$1,313,420 from 2012. Approximately 35.8% of the combined fund balances, or \$13,569,192 is available for spending at the County's discretion (unassigned fund balance).
- At the close of the current year, unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) for the general fund was \$16,977,940 or 53.9% of the total general fund expenditures.
- The business-type activities enterprise funds reported combined net position of \$20,733,199 at December 31, an increase of \$224,689 from the prior year. Internal service funds reported net position of \$78,778,802 at year end, an increase of \$297,326 in comparison with the prior year. Of the total proprietary fund net position of \$99,512,001; \$75,509,271 is invested in capital assets and \$24,002,730 is unrestricted.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements** are designed to provide readers with a broad overview of the County's financial statements, in a manner similar to a private-sector business.

- The statement of net position presents information of all County assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Over time, increases or

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

- The statement of activities presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g. uncollected taxes and earned, but unused, vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include justice and law enforcement; health and human services; conservation and development; parks and education; public works; and general government. The business type activities of the County include: Hillview Health Care Center, Solid Waste, Carroll Heights Apartments, Hillview Terrace, Regent Manor, MacIntosh Manor, Monarch Manor, Ravenwood, Maplewood, Lakeview Nursing Home Facility Fund, and Household Hazardous Materials.

The government-wide financial statements include not only the County of La Crosse itself (known as the primary government), but also the Mississippi Valley Health Services Commission which is a separate legal entity for which the County of La Crosse is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 43-45 of this report.

**Fund financial statements** are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 12 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General, Human Services, Debt Service, and Business Fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages 46-49 of this report.

- Proprietary funds are maintained two ways. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the nursing homes, elderly apartments and assisted living facility, adult family homes, solid waste, and household hazardous waste facilities. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for highway operations, health insurance, liability insurance, and workers compensation insurance. Because these services benefit both governmental and business-type functions, they have been split between governmental activities and business-type activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. Hillview Health Care Center and Solid Waste are considered to be major enterprise funds of the County. The County's four internal service funds are combined into a single aggregated presentation in the proprietary funds financial statements. Individual fund data for the nonmajor enterprise funds and the internal service funds is provided in the form of combining statements elsewhere in this report.

The proprietary funds financial statements can be found on page 50-55 of this report.

- Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statement can be found on page 56 of this report.

**Notes to the Basic Financial statements** provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 59-95 of this report.

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

**Required Supplementary Information** is presented for the budgetary schedules of the General Fund, the major special revenue funds, and the OPEB funding schedule. This information can be found on pages 99-103 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the County, assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by \$150,992,338 at the close of the most recent fiscal year. A comparative Statement of Net Position for 2013 and 2012 is below with the total percentage change.

**Statement of Net Position**

	Governmental activities		Business-type activities		Total		Total % Change
	2013	2012	2013	2012	2013	2012	
Current and other assets	\$ 96,037,663	\$ 97,600,778	\$ 30,738,283	\$ 30,551,553	\$ 126,775,946	\$ 128,152,331	-1.07%

Total Net Position	<u>\$ 127,050,066</u>	<u>\$ 131,841,479</u>	<u>\$ 23,942,272</u>	<u>\$ 24,292,824</u>	<u>\$ 150,992,338</u>	<u>\$ 156,134,303</u>	-3.29%

The largest portion of the County's net position (62%) reflects its investment in capital assets (e.g. land and easements, structures and improvements, infrastructure, and equipment); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

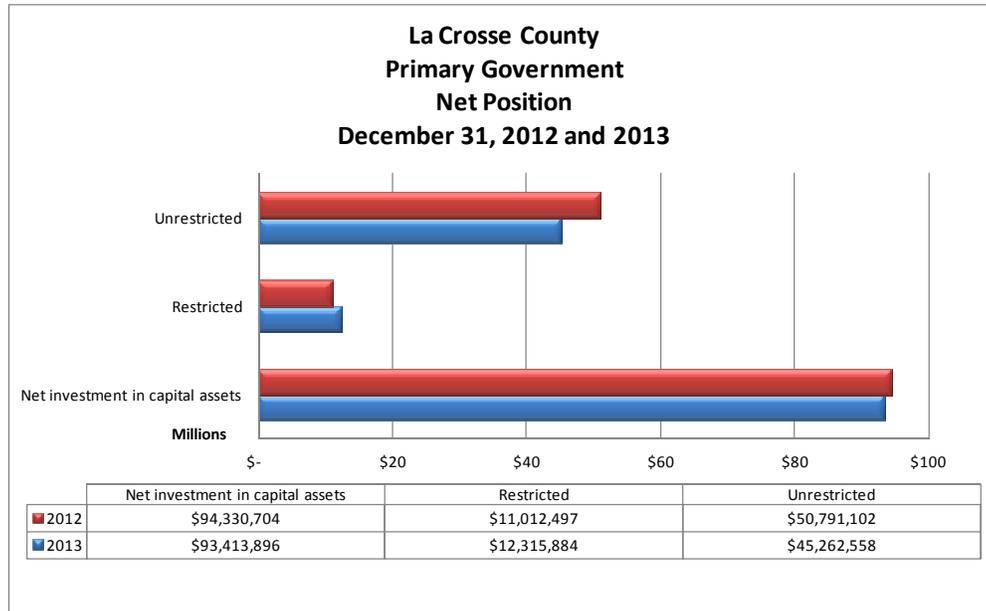

Unrestricted net position comprises 30% of the County's net position. These items may be used to meet the County's ongoing obligations to citizens and creditors.

The remaining balance of the County's net position, 8%, represents resources that are subject to external restrictions on how they may be used.

**LA CROSSE COUNTY, WISCONSIN  
Management's Discussion and Analysis**

December 31, 2013

At the end of the current fiscal year, the County reported positive balances in all three categories of net position, both for the County as a whole, as well as for its separate governmental activities.

The County's net position decreased \$5,141,965 during the current year. This results from total revenues of \$117,985,813 and expenses of \$123,127,778. Overall, revenues increased by \$2,107,664 from the prior year, while expenses increased by \$9,175,744. The table and the narrative that follow consider the operations of governmental and business-type activities separately.

**Governmental Activities**

Governmental activities decreased the County's net position by \$4,791,413. This decrease largely reflects the following items:

- During 2013, employees incurred more health insurance claims anticipating the higher deductibles implemented in the 2014 health plan. The county has not increased health insurance rates since January 1, 2010. Though health care costs have continued to rise, La Crosse County has maintained a strong Health Self Insurance fund balance for the past several years. Because of this strong fund balance, the County chose to keep rates constant for a planned drawdown of that fund balance. This increased the governmental activities expenses by \$2,200,420. The county has also offered a health risk assessment for all employees, along with wellness and exercise programs to promote a healthy life style.
- Investment earnings were down by \$592,215 from the previous year due to low interest rates.
- General, Public Safety, and Health and Human Service expenses were higher due to salary increases and more employees switching from single to family health insurance plans.
- Health and Human Service expenses were also higher due to the Western Region for Economic Assistance (WREA) Consortium being awarded \$1,196,568 of additional funding.

Revenues for the County's governmental activities total \$86,674,270, with property taxes and operating grants and contributions accounting for 66% of total revenues.

**LA CROSSE COUNTY, WISCONSIN  
Management's Discussion and Analysis**

December 31, 2013

Governmental activities expenses total \$91,365,697, exceeding program revenue by \$50,098,074, as the following graph displays. When general revenues, (which include such items as property tax, investment earnings, sales tax and grants and contributions not restricted to specific programs) are included, total expenses exceed revenues by \$4,691,427 prior to transfers.

**Business-Type Activities**

Business-type activities for the current year decreased net position by \$350,552. Hillview Health Care Center experienced a loss of \$249,700 before internal service fund allocations.

The Solid Waste Fund experienced no significant changes from 2012 and increased net position by \$9,646 before internal service fund allocations.

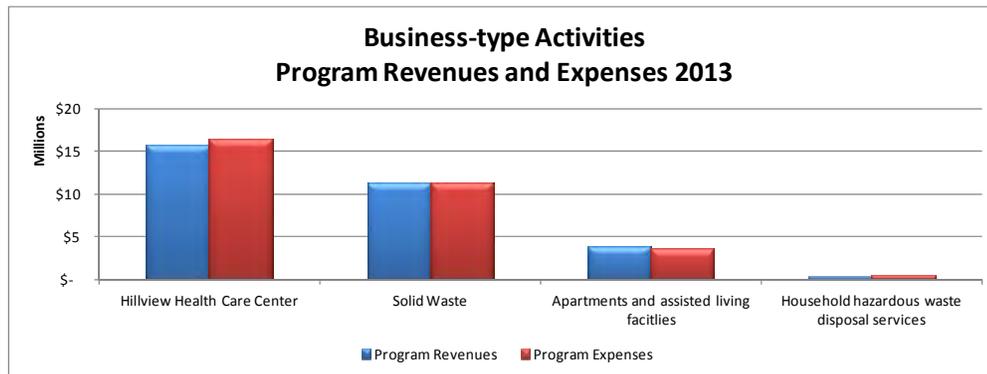

Hillview Terrace had a positive 2<sup>nd</sup> year of operations, resulting in an increase in net position of \$140,742, while Maplewood CBRF, and Ravenwood finished the year with an increase in net position of \$80,712 and \$75,521 respectively.

Construction of Monarch Manor (a new 8-bed community based residential facility) began in the fall of 2013. This will replace MacIntosh Manor, which will be up for sale in 2014. A resolution was approved to transfer \$200,000 from the Lakeview Capital Committed Fund Balance (part of the General Fund) to start construction. A loan from the General Fund for up to \$800,000 was approved to fund the remainder of the construction, with \$400,000 of this amount being advanced at December 31, 2013 to Monarch Manor. The loan will be paid back over 20 years with an interest rate of 3.5%.

The business-type activities net position was also decreased by the allocation of the internal service funds. The self-health insurance fund decreased business-type net position by \$581,149 and the liability self insurance fund increased net position by \$5,908.

# LA CROSSE COUNTY, WISCONSIN Management's Discussion and Analysis

December 31, 2013

## FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

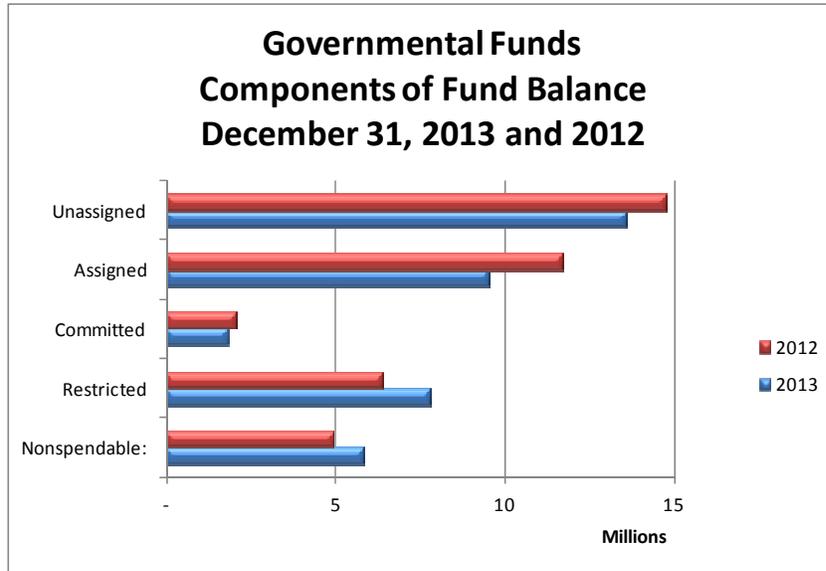

**Governmental Funds:** The general government functions are contained in the General, Special Revenue, Debt Service, and Capital Project funds (when applicable). The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the County Board itself, or the Executive Committee, who has the authority to assign resources for use for particular purposes.

At December 31, the County's governmental funds reported combined fund balances of \$38,445,548, a decrease of \$1,313,420 in comparison with the prior year. Unassigned fund balance of \$13,569,192 is available for spending at the County's discretion. The remainder of fund balance is either nonspendable, restricted, committed, or assigned. The nonspendable fund balance of \$5,795,615 consists of amounts set aside for inventories and prepaids, advances to other funds, and delinquent property taxes. Restricted fund balance of \$7,770,909 consists of amounts legally required to be expended for specified purposes. Committed fund balance of \$1,793,251, consists of amounts the County Board committed for particular purposes; including: Human Services economic support reserve, and General Fund reserves for Monarch Manor construction, park plat, farmland development, Lake Neshonic improvements, Lakeview improvements, parks and interest stabilization. Assigned fund balance of \$9,516,581, consists of purchase orders, carryforwards, amounts appropriated from fund balance as part of the budget process, and unspent fund balances of the special revenue funds.

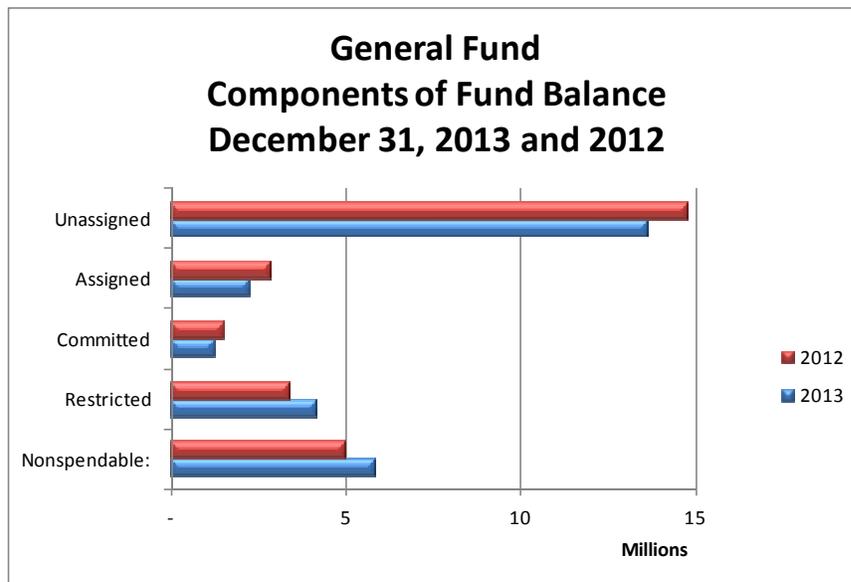

**LA CROSSE COUNTY, WISCONSIN  
Management's Discussion and Analysis**

December 31, 2013

The following chart compares the components of fund balance for the governmental funds for 2013 and 2012.

The following chart compares the components of fund balance for the general fund for 2013 and 2012.

The general fund is the main operating fund of the County. As a measure of the General Fund's ability to pay off short-term debt obligations, known as liquidity; it may be useful to compare unassigned fund balance and total fund balance to total fund expenditures. As of December 31, unassigned fund balance of the General Fund was \$13,569,192 while total fund balance was \$26,896,793. Unassigned fund balance represents 43.1% of total general fund expenditures, while total fund balance represents 85.4% of total General Fund expenditures. In relation to General Fund revenues, unassigned fund balance

**LA CROSSE COUNTY, WISCONSIN  
Management's Discussion and Analysis**

December 31, 2013

represents 43.2% of total General Fund revenues. Combining the unassigned fund balance with the committed interest stabilization and restricted excess sales tax reserve, the ratio of these totals to total expenditures would be 54.3%. These ratios show that even in the current economic downturn, the County is in a good position to meet any upcoming obligations.

	<b>2013</b>		
	General Fund	Percentage of Expenditures	Percentage of Revenue
Total revenues	\$31,386,078	99.6%	-
Total expenditures	31,511,179	-	100.4%
Unassigned fund balance	13,569,192	43.1%	43.2%
Total fund balances	26,896,793	85.4%	85.7%

During 2013 the County Board approved changing the policy regarding the ratio of unassigned General Fund balance to total operating expenditures. The change was to 25-50% instead of 40-50%. As of December 31 it is at 43.1%. County policy limits the use of unassigned fund balance to fund capital expenditures, prepayment of outstanding debt, start-up costs of new programs, other non-recurring expenditures, or emergencies. During 2013, the County approved loaning \$800,000 to Monarch Manor for the construction of the new 8-bed CBRF. This reduced the unassigned fund balance by \$800,000 (\$400,000 was recorded as non-spendable for advances and \$400,000 was committed to be advanced in 2014). This was a conscience decision to loan available cash from the General Fund instead of issuing new debt. By keeping the loan within the County, Monarch Manor saves on debt issue costs and has a more favorable interest rate than in the market, and the General Fund benefits by gaining more interest earnings. The County will continue to monitor the appropriate use of fund balance in the best interest of taxpayers.

During the fiscal year, the fund balance of the County's General Fund decreased by \$391,575. Key factors contributing to this increase are as follows:

- The original budget for the general fund projected a deficit of \$2,256,866 after transfers to other funds totaling \$316,384. The actual decrease for the general fund was \$391,575, which exceeded the original budget by \$1,865,291. These variances are explained in the General Fund Budgetary Highlights.
- Realization of \$2,696,741 in total expenditures under final budget. Significant expenditure variances are explained in the General Fund Budgetary Highlights.

The County's Human Services Fund, a major fund, has a total fund balance of \$6,572,574, a decrease of \$836,528 from the prior year. Of this fund balance, \$3,266 was nonspendable for prepayments; \$440,265 was restricted for the Western Region for Economic Assistance (WREA) Consortium; \$574,910 was committed for programs within the economic support section; and \$5,554,133 was assigned for human service programs. The Human Services Fund's original budget called for use of fund balance in the amount of \$859,169; the final budget called for the use of fund balance of \$903,503; but closed out the year with a use of \$836,528, representing a positive variance of \$66,975 as compared to the final budget.

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

This variance is mainly due to salary and fringe savings because of attrition and holding vacant positions open as long as possible. The budget originally planned for attrition savings of \$150,000, but the actual levy savings from salary and fringe was \$294,000.

The County's Debt Service Fund, a major fund, had a fund balance of \$1,155,096 at December 31 which was an increase of \$269,787 from the prior year.

The Business Fund, a major fund, had a fund balance of \$433,032, which was an increase of \$95,959 from the prior year. The total fund balance is restricted for economic development programs within the Business Fund.

The following schedules present a summary of general, special revenue, and debt service funds revenues and expenditures for the current year ended and the amount and percentage of increases and decreases in relation to the prior year.

<b>Resources by Source Governmental Funds</b>					
	2013		Increase (Decrease) from prior year		
	Amount	Percent of Total	Amount	Percent	
Taxes (property and other)	\$ 38,425,535	48.37%	\$ 181,179	0.47%	
Intergovernmental revenues	30,195,013	38.01%	208,701	0.70%	
Interdepartmental revenues	536,443	0.68%	10,487	1.99%	
Licenses and permits	1,821,883	2.29%	778,009	74.53%	
Fines, forfeits and penalties	387,206	0.49%	(38,387)	-9.02%	
Public charges for services	5,783,557	7.28%	(306,251)	-5.03%	
Intergovernmental charges for services	1,336,882	1.68%	11,048	0.83%	
Miscellaneous revenues	<u>954,559</u>	1.20%	<u>(1,046,774)</u>	-52.30%	
	<u>\$ 79,441,078</u>	100.00%	<u>\$ (201,988)</u>		

Governmental property taxes decreased by \$28,190 to \$27,022,128 which represents 34.0% of total revenues. Sales tax within the General Fund increased by \$268,686 from the previous year, which shows continued economic recovery in the county.

Licenses and permit revenues increased by \$778,009 of which \$723,506 was a one-time payment of an environmental impact fee paid to the County by the Wisconsin Department of Administration for the construction of Hampton-Rochester-La Crosse Transmission Line by Xcel Energy.

Miscellaneous revenues decreased by \$1,046,774 due to investment earnings being lower. Also during 2012, there was a one-time contribution of \$615,000 from Mississippi Valley Health Services Commission. \$299,969 of this amount was recorded in the General Fund, while the remaining \$315,031 was reported within the Human Services Fund.

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

<b>Expenditures by Function</b>				
<b>Governmental Funds</b>				
	2013	Percent of	Increase (Decrease)	
			Amount	Total
General Government	\$ 11,133,385	13.70%	\$ 191,673	1.75%
Public Safety	15,811,438	19.46%	508,895	3.33%
Public Works	6,171	0.01%	(23,179)	-78.97%
Health and Human Services	42,744,172	52.61%	1,252,522	3.02%
Culture, Recreation and Education	3,066,179	3.77%	147,984	5.07%
Conservation and Development	2,235,775	2.75%	(462,357)	-17.14%
Miscellaneous	100,714	0.12%	20,892	26.17%
Debt Service	5,136,767	6.32%	(3,250,999)	-38.76%
Capital Outlay	1,021,664	1.26%	183,937	21.96%
	<u>\$ 81,256,265</u>	100.00%	<u>\$ (1,430,632)</u>	

Total governmental fund expenditures decreased by \$1,430,632 from 2012.

General government and public safety increased expenditures, primarily from several retirements during 2013 and employees switching to family health insurance.

Health and human services expenditures increased by \$1,252,522. This was due primarily to additional funding received by the WREA (Western Region for Economic Assistance) Consortium in conjunction with the implementation of the Affordable Care Act. WREA was awarded \$1,196,568 of additional funding for 2013, of which \$768,664 was spent; with the remaining being carried forward to 2014. Another contributing factor was the In Home Safety Services Regional Grant which was awarded during 2012. This is a multi-county grant which began during 2012. From 2012-2013, total expenses claimed under this grant, not including existing salary and fringe costs, increased by \$274,000. Finally, there was also an increase in high-cost institutional placements of \$150,000.

Conservation and development expenditures decreased by \$462,357 partially due to a \$545,000 community development based grant being completed during 2012.

Debt service expenditures decreased due to the fact in 2012 the county paid off the 2001A General Obligation Refunding Bonds early. The total principal and interest was \$2,754,044 for that issue.

**Proprietary Funds:** The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The following table details the net position of the County's enterprise funds at December 31:

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

	2013	2012
Hillview Health Care Center	\$ 6,126,908	\$ 6,376,608
Solid Waste	7,115,392	7,105,746
Apartments and assisted living facilities	6,542,941	6,042,444
Household hazardous waste disposal services	947,958	983,712
Totals	\$ 20,733,199	\$ 20,508,510

As of December 31, the County's enterprise funds reported combined net position of \$20,733,199. Of that amount, \$8,655,609 or 41.7% represents the net investment in capital assets. The remaining net position, \$12,077,590 is unrestricted and available for spending in accordance with the needs of the County in these funds.

Other factors concerning the finances of these funds have already been addressed in the discussion of the County's business-type activities.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

Differences between the original budget and final amended budget resulted in \$1,430,835 of increases in expenditures due to carryforwards and open purchase orders from fiscal year 2012 to 2013, and adjustments throughout the year because of new grants.

Differences between final amended budget and the actual revenues and expenses resulted in a \$3,450,992 positive variance in the General Fund before other financing sources and uses. The major reasons for the variance are as follows:

Revenues:

- Taxes
  - Property tax increased by \$227,444 for the General Fund from the previous year.
  - Sales tax increased \$268,686 from the previous year and \$361,246 higher than budget indicating the local economy is improving.
  - Interest on taxes was \$82,078 lower than the previous year as there was a large interest payment in 2012 related to a foreclosure. The 2013 amount is similar to previous years.
- Licenses and Permits
  - A one-time environmental impact fee was paid to the County from the State Department of Administration of \$723,506 due to the construction activities of the Hampton-Rochester-La Crosse Transmission Line by Xcel Energy. This amount was not budgeted in 2013.
- Public Charges for Services
  - Register of Deeds fees were down by \$33,001 from the prior year which reflects less mortgage refinancing due to increased consumer mortgage interest rates.
  - Consolidated court costs, fees, and charges were down by \$57,669 from the prior year due to fewer civil and small claims being filed.

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

- Law enforcement fees were down by \$71,034 due to fewer paper services on foreclosures and legal processing and lower tax intercept collectability on confined inmates compared to the prior year.
- Miscellaneous Revenues
  - Investment earnings were down by \$498,181 from the previous year and \$259,435 lower than budget due to market fluctuations.
  - Donations were down by \$290,895 from the previous year due to a 2012 one-time contribution from the Mississippi Valley Health Services Commission in the amount of \$299,969.

Expenditures:

- General Government
  - The Finance department continues to become more efficient and did not fill a vacated position during 2013, saving approximately \$50,000.
  - Worker's compensation insurance expense was less than budgeted by \$115,058 and \$47,454 less than the previous year due to continued emphasis of employee safety and ergonomic programs.
  - Due to several retirements throughout the county, retiree's insurance payouts were \$172,370 more in 2013 than 2012 and were \$126,302 higher than budgeted.
  - The Register of Deeds office started an imaging project in 2012 to redact social security numbers from historical documents available online. The project is ongoing and in 2013 the expenditure was reduced by \$57,454 as no imaging projects were done in 2013. The only expense was clerk wages who are redacting historical documents as time permits.
  - Information technology expenditures were less than budgeted by \$62,598, but increased from the prior year by \$190,184. This was due to significant savings during 2012 for vacancies and delayed hiring. These positions were filled early in 2013, increasing salaries by \$92,833. Computer software, licensing, and hardware costs increased by \$86,837 due to changes within the Microsoft licensing, additional server replacements and outfitting the Board with computer equipment.
- Public Safety
  - Central dispatch expenditures increased by \$92,910 due to salaries and fringe increases from a raise and a few employees selecting health insurance that were not enrolled in 2012.
  - Law enforcement expenditures were up by \$97,737 from the prior year partially due from a settlement payout to a former deputy as well as higher vehicle damage repair expenditures than the prior year.
  - Jail and court services expenditures increased by \$288,621 due to salaries and fringe increases from a raise and employees switching from single to family insurance plans. Also, the department purchased an inmate management software for \$27,200.
- Culture, Recreation and Education
  - University Extension was under budget by \$75,866. This was due to vacant positions that were filled with temporary clerical services, which saved approximately \$25,000; finding

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

efficiencies in printing and postage saving approximately \$14,000; and a program for community based training in the amount of \$10,370. In addition, a grant relating to wildlife damage to farm crops was less in revenues and expenditures than projected for 2013, saving approximately \$12,000.

- The Parks department took over the operations of the Goose Island Park from a concessionaire during 2013. The expenditures increased by \$75,955 to run the campground store and purchase merchandise inventory to sell. After reviewing year-end totals, the Goose Island profit was approximately \$17,000. The County will continue to operate the campground in the same manner in 2014.
- Conservation and Development
  - Land conservation expenditures were less than budgeted by \$99,814, and revenues were less than budgeted by \$70,200. This was mainly due to the land and water resources management implementation grant that came in under budget on both revenues and expenditures by \$36,270. These are cost-reimbursement programs that depend on the number and cost of projects that are completed during the year.
  - Zoning expenditures were less than budgeted by \$47,393 due to a reorganization the department underwent during 2012. Actual salaries and fringe were higher than 2012 by \$73,588 due to the vacancy savings of 2012.
- Miscellaneous
  - Salary contingency of \$500,000 was budgeted for 2013. \$579,004 was carried forward from unused 2012 appropriations for a total of \$1,079,004. \$400,000 of this amount was used for the 2013 budget to fund the retiree insurance account and \$68,473 was used to cover a back pay settlement with a former deputy. \$200,000 was projected to be used to offset retiree health insurance in the 2014 budget, while the remaining \$410,531 was carried forward to be used in 2014 to moderate the increased costs of salary and fringe in the 2014 budget.
- Capital Outlay
  - Capital outlay expenditures were less than the final budget by \$911,949. Projects that were not completed in 2013 will have funds carried forward to 2014 in the amount of \$768,439.

Actual expenditures for maintenance of the downtown campus buildings, reported under General Government, Public Safety, and Health and Human Services, were less than budgeted by \$129,427. The largest savings of \$82,834 was in utilities, particularly in natural gas. As the budget was prepared for 2013, the estimates were based on the current commodity rates, and during 2013 the rates for natural gas varied from amounts used in budget preparation.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The County's investment in capital assets for its governmental and business-type activities at December 31 amounted to \$143,520,734 (net of accumulated depreciation). This investment in capital assets includes land and easements, infrastructure, structures and improvements, equipment, and construction in progress. The County's infrastructure assets are recorded at estimated historical cost in the government-wide financial statements. The County has elected to use the straight-line depreciation method of reporting capital assets.

The largest increase for 2013 was in infrastructure in the government-type activities due to the re-construction of County Road OA during 2013.

Further details of the County's capital assets can be found in Note 5 to the financial statements.

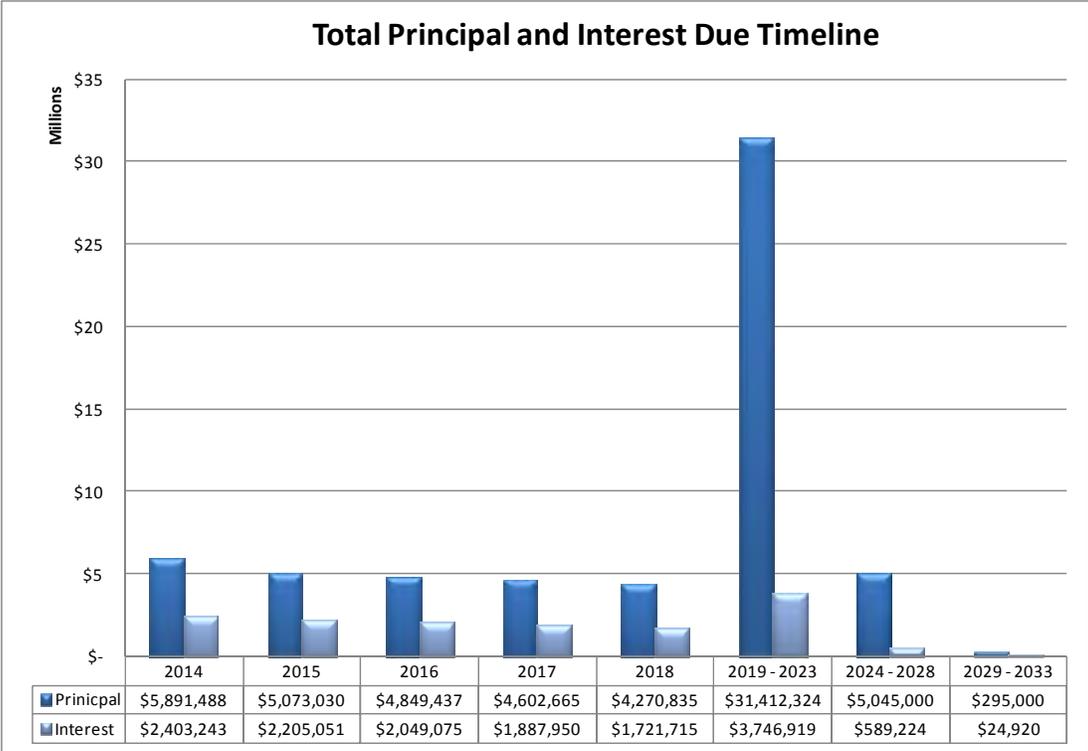

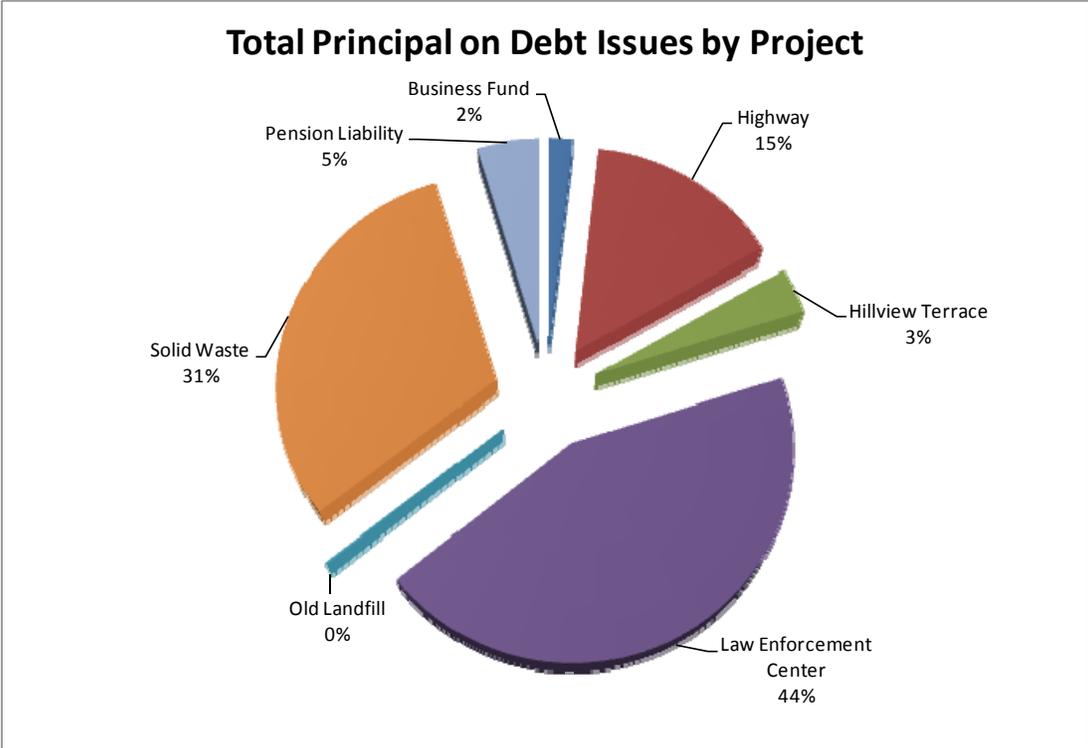

**Long-Term Debt**

At December 31, the County had \$61,439,778 of general obligation debt outstanding. During the year, the County issued \$5,245,000 of general obligation bonds for highway road construction. Under current state statutes, the County's general obligation debt issuances are subject to a legal limitation, based on five percent of the equalized value of taxable property in the County. At December 31, the County's total amount applicable to debt margin was \$60,284,682 which was well below the legal limit of \$403,187,035. The net debt per capita equaled \$526 at year-end.

The County maintains an "Aa1" rating from Moody's Investors Services for general obligation debt. The total principal on debt, by project, is shown in the chart below as well as the principal and interest payments by the year due.

Management's Discussion and Analysis**

December 31, 2013

Further details of the County's long-term debt activity can be found in Note 8 to the financial statements.

**LA CROSSE COUNTY, WISCONSIN**  
**Management's Discussion and Analysis**

December 31, 2013

**Economic Factors**

In 2013, the City of La Crosse was ranked #2 in the “Most Exciting Small Cities in America” by Movoto due to the active nightlife, active lifestyle, and young population the area has to offer. The City of La Crosse was also ranked #17 in Luminosity’s “Smartest Cities in America.”

In 2012, Experian Credit Services ranked La Crosse 8<sup>th</sup> in the Nation for high personal credit scores. Four of the top ten cities were in Wisconsin, indicating that La Crosse and surrounding areas to be the most fiscally responsible areas in the Nation. High credit scores allow easier access to credit, but also affect the interest rate a consumer pays when borrowing.

In 2011, Forbes.com ranked La Crosse in the top 40 for “Best Places for Business and Careers”. In 2009, U.S. News and World Report magazine listed La Crosse as one of the ten “Best Places to Live”. This ranking is based on economy, population, cost of living, crime rate, and access to educational, cultural, and recreational opportunities.

In February 2012, Kiplinger’s Personal Finance magazine has once again nationally recognized the University of Wisconsin-La Crosse for academic quality and affordability. More than 500 public, four-year colleges and universities were evaluated on the quality of students as measured by the academic performance of the incoming freshman class, admission rates, freshman retention rates, student-faculty ratios and graduation rates as well as how much they cost and how much financial aid the school offers. The University also was ranked #2 among Midwest Public Universities by US News & World Report in 2011.

In 2012, the County received national recognition by the Federal Environmental Protection Agency for the efforts to turn methane gas from the county landfill into electricity and heat for a local medical center. The project, along with the County’s many other waste diversion projects, allowed the County to be the first landfill and the first municipal entity to be accepted into the Wisconsin DNR’s Green Tier Program in 2011.

These accolades are just a few in a long line of similar rankings that reinforce the quality of life and business viability of the La Crosse area.

Diverse retail manufacturing, medical, educational and governmental operations are located within La Crosse County which has contributed to an unemployment rate that has historically been below the state and national average.

**Request for Information**

This financial report is designed to provide a general overview of the County’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the La Crosse County Finance Dept, 400 4<sup>th</sup> Street North Room 2150 La Crosse, WI 54601.

**RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION**

December 31, 2013

Total Fund Balances - Governmental Funds	\$	38,445,548
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.		54,185,575
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds.		(40,363,369)
Bond premium is amortized over the life of the bonds, whereas it is recorded as income when received in the fund statements.		(525,627)
Interest is not accrued at the fund level, but rather is recognized as an expenditure when due.		(479,440)
Internal service funds are used by management to charge the costs of various services to individual funds and functional categories. The assets and liabilities of the internal service funds include items relating to the governmental funds.		75,569,729
Revolving loan funds have unavailable revenue in the fund statements.		5,625,802
Inventories are not reported in the fund statements.		288,372
Receivables that are not available to pay for current period expenditures, and therefore are recorded as deferred inflows in the fund statements.		1,595,553
Liability for post-closure costs for the old landfill are not recorded as a liability on the fund statements.		(585,423)
Compensated absences are not due and payable in the current period and therefore are not reported as liabilities in the funds.		<u>(6,706,654)</u>
Total Net Position - Governmental Funds	\$	<u><u>127,050,066</u></u>

**LA CROSSE COUNTY, WISCONSIN**

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES  
IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

**Year Ended December 31, 2013**

Net changes in fund balances - total governmental funds \$ (1,313,420)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense (\$2,679,301) exceeded capital asset purchases (\$869,967). (1,809,334)

Gain on sale of property is recorded in the statement of activities, while on the governmental fund the gross sales price is reported. The total of the sale prices (\$19,136) of capital assets and the loss on sale (\$8,586) is the net book value of capital assets removed. (27,722)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long term liabilities in the statement of net position. 3,734,616

The issuance of long term debt is an other financing source in the governmental funds, but the issuance increases long term liabilities in the statement of net position. (5,245,000)

Bond premium is amortized over the life of the bonds, whereas it is recorded as income when received in the fund statements. 12,739

Interest is not accrued at the fund level. (10,077)

Internal service funds are used by management to charge the costs of various services to individual funds and functional categories. This amount represents the current year change in net position from the internal service funds allocated to the governmental funds. 872,567

Governmental funds report economic loan repayments as revenues and the issuance of new loans as expenditures. These activities are reported as changes in loans receivable in the government-wide statements. (87,397)

Inventory items are expensed in the fund statements. 23,643

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the fund statements. 36,688

Long-term closure costs for the old landfill are not recorded as an expense in the fund statements. 14,901

Compensated absences do not require the use of current financial resources and therefore are not reported as an expenditures in the governmental funds. (993,617)

Change in Net Position of Governmental Activities \$ (4,791,413)

---

*This Page Was Intentionally Left Blank*

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

The accounting policies of La Crosse County conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

**A. Reporting Entity**

This report includes all of the funds of La Crosse County. The reporting entity for the County consists of (a) the primary government, (b) organizations for which the primary government is financially accountable and (c) other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

A legally separate organization should be reported as a component unit if the elected officials of the primary government are financially accountable to the organization. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to or burdens on the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government.

A legally separate, tax exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization; (3) the economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. Blended component units, although legally separate entities, are, in substance, part of the government's operations and are reported with similar funds of the primary government. This report does not contain any blended component units.

**Discretely Presented Component Unit**

The government-wide financial statements include the Mississippi Valley Health Services (MVHS) as a discretely presented component unit. MVHS is a legally separate governmental organization that was formed in 2009 for the purpose of organizing and establishing a multi-jurisdictional public entity which operates a nursing home facility for the developmentally disabled. MVHS is governed by thirteen counties, including La Crosse County, each who appoint one member by the respective participating counties. In addition, La Crosse County Board exercises its will by appointing two additional members to MVHS who must serve as the president and vice president, respectively. The County contracts with MVHS to provide personnel and human resources related to the administration and management of the nursing home, as well as provide financial resources for the operations, including any incidental costs or services.

Additional information is presented in Note 13. Separately issued financial statements of MVHS may be obtained from the MVHS office.

**B. Government-wide and Fund Financial Statements**

**Government-wide Financial Statements**

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with specific function or segment. The County does not allocate the full indirect expense to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

**Fund Financial Statements**

Financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred inflows of resources, liabilities, deferred outflows of resources, net position/fund balance, revenues, and expenditure/expenses.

Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Funds are organized as major funds or nonmajor funds within the governmental and enterprise statements. An emphasis is placed on major funds within the governmental and enterprise categories. A fund is considered major if it is the primary operating fund of the County or meets the following criteria:

- a. Total assets and deferred outflows, liabilities and deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental fund or enterprise fund that met the 10 percent test is at least 5 percent of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the County believes is particularly important to financial statement users may be reported as a major fund.

The County reports the following major governmental and enterprise funds:

**Major Governmental Funds**

**General Fund** – Accounts for the County’s primary operating activities. It is used to account for all financial resources except those required to be accounted for in another fund.

**Human Services Special Revenue Fund** – Accounts for services provided in the areas of mental health, developmental disabilities, alcohol and drug abuse, family and children’s and economic support. Revenues are received through property taxes, Federal and State grants, public charges, and miscellaneous donations.

**Debt Service Fund** – Accounts for the accumulation of resources for, and the payment of, general obligation debt principal, interest and related costs. Funding is provided through property taxes and intergovernmental revenues.

**Business Fund** – Accounts for loans provided to businesses within the County to promote economic development and the development of the Lakeview Business Park. Revenues are received through economic grants and principal and interest repayments on loans.

**Major Enterprise Funds**

**Hillview Health Care Center Fund** – Accounts for the operations of the skilled nursing facilities for aged and disabled residents.

**Solid Waste Fund** – Accounts for the operations of the solid waste disposal system servicing the County.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

The County reports the following nonmajor governmental and enterprise funds:

Special Revenue Funds – used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Computer Revolving Loan Fund – Accounts for loans provided to County employees for purchases of computers.

Land Record Assessment Fund – Accounts for the computerized land information created by the County.

Special Jail Assessment Fund – Accounts for the portion of traffic violations collected by the Clerk of Courts which are designated for law enforcement use.

Library Fund – Accounts for the operations of the County Library System.

Old Landfill Fund – Accounts for the current costs associated with post-closure care of the old landfill.

Aging Fund – Accounts for the services provided to elderly residents of the county.

Estate Donation Fund – Accounts for monies bequeathed to the County Aging Unit to be used for services provided to elderly residents of the county.

Health Fund – Accounts for the costs of health services provided to residents of the county.

Enterprise Funds – may be used to report any activity for which a fee is charged to external users for goods or services, and must be used for activities which meet certain debt or cost recovery criteria.

Robert G. Carroll Heights Apartments – Accounts for the operations of the County-owned apartment complex for the aged.

Hillview Terrace - Accounts for the operations of the County-owned community based residential facility.

MacIntosh Manor – Accounts for the operations of the County-owned adult family home for people with disabilities.

Regent Manor – Accounts for the operations of the County-owned adult family home for people with disabilities.

Maplewood CBRF – Accounts for the operations of the County-owned community based residential facility.

Monarch Manor – Accounts for the operations of the County-owned community based residential facility that was under construction during 2013.

Ravenwood Nursing Home – Accounts for the operations of the County-owned certified nursing home for people with severe behavioral problems.

Lakeview Nursing Home Facility Fund – Accounts for capital assets of Lakeview Nursing Home Facility which is leased to Mississippi Valley Health Services Commission.

Household Hazardous Materials – Accounts for the operations of the facility designed to dispose of hazardous chemicals used in the La Crosse County area.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

In addition, the County reports the following fund types:

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis.

County Highway Fund – Accounts for the operations of the County Highway Department, which consists primarily of the maintenance and construction of the County trunk highway system, maintenance of state highways within the County, and provision of highway services to other local governments.

Workers Compensation Self-Insurance Fund – Accounts for the accumulation of resources for and workers compensation claims.

Health Self-Insurance Fund – Accounts for the resources for and payment of medical and dental claims.

Liability Self-Insurance Fund – Accounts for the accumulation of resources and payment of claims.

Fiduciary funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units.

Circuit Court – Accounts for the collection and payment of fines and forfeitures.

Inmate and Representative Payee Agency – Accounts for the various County Departments that are holding money in an agency capacity.

Metro Enforcement Group – Accounts for the activities related to the regional drug enforcement task force working for the Federal government.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

**Government – wide Financial Statements**

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset is used regardless of the timing of related cash flows. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments for client care services from various funds within the County that provide services to other funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

**Fund Financial Statements**

Governmental fund financial statements are reported using the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Certain federal and state funded grant revenues are considered available if they are collected within 180 days of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for principal and unmatured interest on long-term debt, claims, judgments, compensated absences, post employment benefits and landfill postclosure expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes are recorded in the year levied as receivables and deferred inflows of resources. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental aids and grants are recognized as revenues in the period the County is entitled the resources and the amounts are available. Amounts owed to the County, which are not available, are recorded as receivables and deferred inflows of resources. Amounts received prior to the entitlement period are also recorded as unearned revenues.

Revenues susceptible to accrual include general intergovernmental assistance, intergovernmental contracts/grants, interdepartmental revenues, property taxes, miscellaneous taxes, charges for services, and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

The County reports deferred inflows on its governmental funds balance sheet. Deferred inflows arise from taxes levied in the current year that are for subsequent year's operations. For governmental fund financial statements, deferred inflows also arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received before the County has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability for deferred inflows is removed from the balance sheet and revenue is recognized.

Proprietary and fiduciary fund (except agency fund) financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described for the government-wide financial statements. The agency funds do not have a measurement focus and are reported using the accrual basis of accounting.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, and then unrestricted resources as they are needed.

**All Financial Statements**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance**

1. Cash and Investments

For purposes of the statement of cash flows, the County considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment earnings. Investment earnings on commingled investments of various County funds are allocated based on average balances, in accordance with adopted policies.

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Statutes Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, the County's share of the LGIP's assets is reported at fair value substantially equal to the carrying value.

2. Receivables

The County's property taxes are levied on or before December 31 on the equalized valuation as of the prior January 1 for all general property located in the County. The taxes are due and payable in the following year. Such amounts are recorded as property taxes receivable and deferred inflows of resources in the accompanying financial statements.

The taxes levied become due as of January 1 of the calendar year. Collections are made through January 31 by each municipal treasurer within the County except the City of La Crosse and directly by the County after that date. The City of La Crosse collects taxes quarterly and settles uncollected taxes with the County on August 15 of each year. Payment dates are full payment by January 31 or partial payments by January 31 and July 31 of each year.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

In the governmental fund financial statements, advances to other funds are offset equally by nonspendable fund balance, which indicates that they do not constitute expendable available financial resources and therefore are not available for appropriation.

3. Inventories and Prepayments

All inventories are recorded at cost, which approximates market, using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual items are consumed, rather than when purchased. Inventory items are not for re-sale. Inventory quantities at December 31 were determined by physical count.

Inventories of governmental fund types in the fund financial statements are offset by nonspendable fund balance accounts to indicate they do not represent spendable available financial resources.

Payments made to vendors that will benefit periods beyond the end of the current fiscal year are recorded as prepaid items. Prepaid items of governmental fund types in the fund financial statements are offset by nonspendable fund balance accounts to indicate they do not represent spendable available financial resources.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

4. Restricted Assets

Restricted assets consist of cash and investments held in trust for the residents of Hillview Health Care Center, Ravenwood Nursing Home and the self funded liability retention account (WMMIC). Also included in restricted assets are the deposits required by the Wisconsin Department of Natural Resources for the County's landfill closure and post-closure care costs.

5. Capital Assets

**Government – wide Statements**

In the government-wide financial statements, property, plant, equipment and infrastructure are accounted for as capital assets. The County defines capital assets as assets with an initial cost of more than \$5,000 for general capital assets and \$100,000 for infrastructure assets, and an estimated useful life in excess of one year. All capital assets are valued at historical cost or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated fair market value at the date of donation.

Prior to January 2003, infrastructure assets of governmental funds were not capitalized. The County has retroactively reported all network infrastructure acquired by its governmental activities since January 1, 1980.

Additions to and replacements of capital assets are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized for proprietary funds equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. No interest expense was capitalized in 2013. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from capital asset accounts.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	30 – 50 Years
Land Improvements	20 – 50 Years
Infrastructure	25 – 50 Years
Machinery and equipment	3 – 20 Years
Furniture and fixtures	5 – 20 Years
Vehicles	3 – 5 Years

**Fund Financial Statements**

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

6. Compensated Absences

County employees generally earn sick leave and vacation at different rates depending upon years of service.

When an employee retires and meets specified requirements, a percent of the accumulated sick pay up to a maximum of 150 days, is paid out to be used for medical expenses for the employee and or dependents of the employee. The employee may use the foregoing benefit until such time as one of the following occurs:

- a. The employee or dependent is deceased, or
- b. The employee or dependent becomes employed and/or eligible for other comparable hospital and surgical programs from another source.

Compensated absences consist of accrued vacation and accrued sick leave. The general fund is responsible for the accrued sick leave liability for all the funds. Therefore, it is reported as a long-term liability within the governmental activities. Accrued vacation is considered payable within one year, and therefore is reported as a current liability within the applicable governmental activities, business-type activities, or proprietary fund statement of net position.

7. Long-Term Obligations

In the government-wide statements and in the proprietary funds in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business type activities, or proprietary fund statement of net position. The long-term obligations consist primarily of notes and bonds payable, landfill post-closure costs, accrued compensated absences, and post-employment benefit obligations. Bond premiums and discounts are deferred and amortized over the life of the bond within the government-wide and proprietary fund statements.

In the fund financial statements, governmental funds recognize bond premium and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as another financing source. Issuance costs as well as principal and interest payments are reported as debt service expenditures. Discounts or premiums are reported as financing sources or uses.

8. Claims and Judgments

Claims and judgments are recorded as liabilities in the governmental funds only if they have matured and all the conditions of Governmental Accounting Standards Board pronouncements are met. Claims and judgments that would normally be liquidated with expendable available financial resources are recorded during the year as expenditures in the governmental funds. If they are not to be liquidated with expendable available financial resources, no liability is recognized in the governmental fund statements. The related expenditure is recognized when the liability is liquidated. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

9. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has one type of item that qualifies for reporting in this category in the proprietary funds as well as the government-wide statements of net position. It is the deferred charge on the capital cost fee related to the Xcel Energy contract. Additional information is found in Note 6.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to that time. The county has only one type of item that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported in the governmental and proprietary funds balance sheet. The governmental and proprietary funds report unavailable revenues from four sources: property taxes, intergovernmental grants, client services and loan repayments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

10. Net Position and Fund Balance Classifications

**Government – wide Statements**

Net Position is classified in three components:

- a. Net investment in capital assets- Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of amounts with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other amounts that do not meet the definition of “restricted” or “invested in capital assets.”

**Fund Statements**

Governmental fund equity is classified as fund balance. Fund balance classification is based primarily on the extent to which the County is bound to honor constraints on the use of the resources reported in each governmental fund. Proprietary fund net position is classified the same as in the government-wide statements.

See Note 9 for an explanation of the various fund balance and net position descriptions.

NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

---

**A. BUDGETARY INFORMATION**

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In July, the department heads submit budget requests to the Finance Department. The Finance Department totals these requests and compiles a County wide budget.
2. From August through November, various budget meetings take place to review the departmental and County budget.
3. A public hearing is then conducted to obtain taxpayer comments.
4. In November, the budget is legally enacted through passage of a resolution by the County Board of Supervisors. The legal level of budgetary control is the function level in the General Fund and total expenditures in all other funds.
5. Department heads are responsible for monitoring their budgets. In the event of a projected overage, the Department Head works jointly with the County Administrator and the Finance Director to develop a funding strategy.
6. The Executive Committee is authorized to transfer budgeted amounts between and within departments; however, any transfers between funds or amounts that will be spent out of unassigned fund balances must be approved by the County Board of Supervisors.
7. The budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles.
8. In instances where budget appropriations and estimated revenues have been revised during the year, budget data presented in the financial statements and schedules represent the final authorized amounts.

**B. LIMITATIONS ON THE COUNTY'S TAX LEVY RATE AND ITS ABILITY TO ISSUE NEW DEBT**

Wisconsin legislation was passed in 2011 that limits the County's future tax levy rates. For 2012 and 2013 the County is limited to the prior year tax levy dollar amount (excluding TIF districts), or the percentage change in the County's equalized value due to net new construction. Changes in debt service from one year to the next are generally exempt from this limit. The County is in compliance with the limitation.

The County may exceed the limitation by holding a referendum (according to state statutes) authorizing the County Board to approve a higher rate. The County may also exceed the rate if it increases the services it provides due to a transfer of these services from another governmental unit.

The County may issue debt by adopting a resolution of at least 2/3 vote of the County Board of Supervisors present so long as the debt rate does not exceed the 1993 rate of 78 cents. The State also imposes restrictions on the County's ability to issue new debt. Generally, referendum approval is required to issue unlimited general obligation debt, with the following exceptions: (1) refunding debt issues, (2) 75% approval by the County Board, (3) a reasonable expectation that the new debt can be accommodated within the existing tax rate and (4) other exceptions as listed in State Statutes Section 67.045. The County is in compliance with the limitation.

**C. DEFICIT FUND BALANCES/NET POSITION**

The Regent Manor nonmajor enterprise fund had deficit net assets at December 31, 2013 of \$53,502. This deficit is expected to be funded through future user fees.

La Crosse County has implemented GASB standards which establish disclosure requirements related to deposit risks: custodial credit risk and foreign currency risk and disclosure requirements for investment risk: interest rate risk, custodial credit risk, credit risk and concentrations of credit risk, and foreign currency risk.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 3 – CASH AND INVESTMENTS (CONTINUED)**

---

**DEPOSITS**

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The County has adopted an investment policy which addresses the collateralization of its funds on deposit. It states that with the passage of Wisconsin Act 25, effective 8/1/85 there is no longer the overall guarantee of public funds by the State. The state will continue to pledge general purpose revenues under Wisconsin Statutes 20.144 for the payment of losses of Public deposits until the balance of the appropriation is exhausted. Public investment of up to \$250,000 is protected by the Federal Government through the FDIC. The State's Public Deposit Guarantee Fund, created under Chapter 34 of Wisconsin State Statutes protects the depositing municipality against any losses of public funds up to \$400,000. Therefore, collateralization of funds over \$650,000 at any one financial institution is required. Funds on deposit must be collateralized by U.S. Treasury Obligations and/or Government Agency Securities. The County's investment policy does not address where the collateralization shall be held or in whose name it shall be held.

The following deposit (which was over and above the \$650,000 deposit insurance) \$28,860,190 in County funds had the necessary collateral held in the County's name at a third party custodian, Wells Fargo Bank Northwest-which is a separate banking charter. The County had on deposit at Coulee State Bank \$98,497 which was over and above the \$650,000 deposit insurance. The County had on deposit at Union State Bank \$609,662 which was over and above the \$650,000 deposit insurance. The County had on deposit at U.S. Bank \$111,858 which was over and above the deposit insurance. All other County deposits at other depositories did not exceed the \$650,000 deposit insurance limit at December 31.

**INVESTMENTS**

The County has adopted an investment policy with the following primary objectives in order of importance:

- preservation of capital and to protect investment principal,
- maintain sufficient liquidity to meet cash flow needs,
- attain maximum yield possible consistent with the first two objectives, and
- full investment of all available funds

The County has authorized and will only allow investment in the following investments subject to restrictions as may be imposed by law (Section 66.0603 (1m) and 67.11(2) of Wisconsin Statutes).

1. U.S. Treasury Obligations and Government Agency Securities: Obligations of the United States of America, its agencies and investments, provided that the payment of the principal and interest is fully guaranteed by the issuer.
2. Certificate of Deposit: Certificates of deposit and other evidences of deposit from the credit unions, banks, savings banks, trust companies or savings and loan associations which are authorized to transact business in the state, which time deposits mature in not more than three years. Any Certificate of Deposit invested over the FDIC and State Deposit Guarantee Fund insured amounts of \$650,000 are to be fully collateralized.
3. General Obligation Bonds or Securities: General Obligation bonds or securities of any county, city, drainage district, technical college district, village, town or school district of the state, if bond or security is rated in one of the two highest rating categories by Standard & Poor's Corporation, Moody's Investors Service, Inc., or other similar nationally recognized rating agency.
4. State of Wisconsin Local Government Investment Pool: Serves as a valuable complementary investment program if it has been designated as a public depository by the local governing body. The Wisconsin Local Government Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Statutes Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds on one day's notice. At December 31, 2013 the County's share of the LGIP's assets are reported at fair value.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 3 – CASH AND INVESTMENTS (CONTINUED)**

5. Repurchase Agreements: Investment agreements pursuant to which a federal or state credit union, federal or state savings and loan association state bank, savings and trust company, mutual savings bank, or national bank in the State of Wisconsin agrees to repay funds advanced to the issuer, plus interest. Repurchase Agreements are to be secured by investment securities fully guaranteed by the U.S. Government or Agencies.
6. Operating Bank Account: Deposits shall be limited to the lesser of \$650,000 or amounts guaranteed by FDIC and the State Deposit Guarantee Fund unless overnight funds in excess are fully collateralized by U.S. Government Obligations and Agency Securities.

The County was in compliance with its policy and all applicable investment statutes throughout the fiscal year.

As of December 31, the County's investments at Fair Value are:

<b>Investment Type</b>	<b>Fair Value</b>	<b>Maturity Range</b>	<b>Interest Rate Range</b>
U.S. Treasury Notes	\$ 5,903,454	3/2014 - 11/2017	.25 - 2.17%

Total Investments at Fair Value	\$ 44,461,909		

\* Weighted average maturity 12/31/2013

\*\* 30 Day average yield 12/31/2013

**A. Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County's investment policy places no limit on the amount the County may invest in any one maturity except to maintain sufficient liquidity to meet cash flow needs.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 3 – CASH AND INVESTMENTS (CONTINUED)**

At December 31, the County's investment maturities segmented by time are as follows:

Investment Type	Fair Value	Investment Maturities (In Years)			
		Less Than 1 Year	1 to 5 Years	6 to 10 Years	More Than 10 Years
U.S. Treasury Notes	\$ 5,903,454	2,736,425	3,167,029	-	-

\* There is no single call date for any of these securities, although each loan in each pool is callable by the loan holder. This results in small pieces of principal of almost every bond coming back to the account monthly. The stated maturity of every security is longer than ten years but because of loan refinancing to date (December 31, 2013), the average maturity has been between one to five years.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 3 – CASH AND INVESTMENTS (CONTINUED)**

**B. Credit Risk**

Credit risk is the risk of loss due to the failure or credit downgrade of an issuer or backer. Obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government are not considered to have credit risk. The County's investment policy does not address credit risk of its investments directly, but indirectly through its policy of following Wisconsin State Statutes regarding Security Investments it is restricted to the highest and 2<sup>nd</sup> highest security rating by nationally recognized rating agencies. At December 31 the County's investments were rated as follows:

<b>Investment Type</b>	<b>Fair Value</b>	<b>Standard &amp; Poor's Rating</b>
<b>U.S. Agency Securities</b>		
Federal National Mortgage Association (FNMA)	9,552,453	AAA
Federal Home Loan Mortgage Corporation (FHLMC)	5,082,797	AAA
Federal Home Loan Bank Board (FHLB)	4,212,217	AAA
<b>State of Wisconsin Local Government Investment Pool</b>		
Investment Pool	1,391,748	Not Rated
<b>Money Market Funds/ Cash Equivalents</b>		
JP Morgan US Government Capital Class (OGVXX)	2,021,505	AAAm
Federated Government Obligation Fund (GOIXX)	1,490,064	AAAm
BMO Government MM Fd Y 605	577,100	AAAm

**C. Custodial Credit Risk**

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the County will not be able to recover the value of the investment or collateral securities that are in possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, or not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent, but not in the government's name. The County's investment policy does not address custodial credit risk for investments. County investments that are not held in the County's name and therefore subject to custodial risk are as follows:

1. Money Market funds (Federated Government Obligation Fund-GOIXX) totaling \$441,533 are held at the fund for Trustpoint Company in nominee name (La Crosse & Company).
2. U.S. Treasury Inflation Protected Securities totaling \$5,551,783 and U.S. Agency securities totaling \$15,965,768 are held for Dana Investment Advisors in Street name at JP Morgan Chase for the benefit of La Crosse County.
3. Money market funds/Cash Equivalents (JP Morgan U.S. Government Money Market) totaling \$2,021,505 are held for Dana Investment Advisors at the fund in Street name at JP Morgan Chase for the benefit of La Crosse County.
4. Money Market funds (Federated Government Obligation Fund –GOIXX) totaling \$1,048,531 are held at the fund for US Bank NA in nominee name (Band & Co.).
5. Money Market funds (BMO Govt MM Fd Y 605) totaling \$577,100 are held at the fund for Marshall & Hsley Trust Company NA in the name of La Crosse County.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 3 – CASH AND INVESTMENTS (CONTINUED)**

**D. Concentration of Credit Risk**

Concentration of credit risk are investments in any one issuer (other than U. S. Treasury Securities, Money Market Mutual Funds, or external investment pools) that represent 5% or more of the total investments of the County. The County's investment policy places no limit on the amount the County may invest in any one issuer. At December 31, five percent or more of the County's investments excluding amounts issued or explicitly guaranteed by the U.S. Government, mutual funds, and pooled investments, are invested in:

<u>Issuer</u>	<u>Credit Risk</u>	<u>Fair Value</u>
Certificates of Deposit	13%	6,000,000
U.S. Agency Securities		
Federal National Mortgage Association (FNMA)	21%	9,552,453
Federal Home Loan Mortgage Corporation (FHLMC)	11%	5,082,797

**E. Concentration of Credit Risk - Enterprise fund**

At December 31, the County's Solid Waste Fund held 5% or more of its investments, excluding amounts issued by the U.S. Government and mutual funds, are invested in:

<u>Issuer</u>	<u>Credit Risk</u>	<u>Fair Value</u>
U.S. Agency Securities		
Federal National Mortgage Association (FNMA)	16%	1,381,982

As of December 31 the County's fund, Solid Waste-Old Landfill, holds 5% or more of its investments, excluding amounts issued by the U.S. Government and mutual funds, are invested in:

<u>Issuer</u>	<u>Credit Risk</u>	<u>Fair Value</u>
U.S. Agency Securities		
Federal National Mortgage Association (FNMA)	24%	200,896

**F. Foreign Currency Risk**

Foreign currency risk is the risk that investments denominated in foreign currency are subject to the potential risk of loss arising from changes in exchange rates which can be significant. The County's investment policy does not specifically address investments denominated in foreign currency, but investments denominated in foreign currency are not on its list of authorized investments. The County did not hold any investments in foreign currency during the year, or at December 31.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 4 – RECEIVABLES**

Receivables as of December 31 for the individual major funds and nonmajor, internal service, and fiduciary funds in the aggregate, including applicable allowances for uncollectible accounts are as follows:

Fund	Tax Certificates	Current Year Levy	Accounts	Inter- Governmental	Notes	Allowance for Uncollectible	Total
General Fund	\$ 4,025,548	\$ 8,399,051	\$ 437,709	\$ 2,824,426	\$ 554,337	\$ (679,483)	\$ 15,561,588
Human Services Fund	-	11,369,913	685,945	3,469,324	-	-	15,525,182
Debt Service Fund	-	4,306,934	-	-	-	-	4,306,934
Business Fund	-	-	-	980,119	5,600,547	-	6,580,666
Hillview Health Care Center	-	-	2,454,273	114,189	-	(218,000)	2,350,462
Solid Waste Fund	-	-	1,452,473	-	-	-	1,452,473
Nonmajor Governmental Funds	-	3,988,113	253,811	294,417	25,957	(5,702)	4,556,596
Nonmajor Proprietary Funds	-	115,577	192,798	106,232	-	-	414,607
Internal Service Fund	-	2,766,831	465,046	828,974	-	-	4,060,851
Total Receivables	<u>\$ 4,025,548</u>	<u>\$ 30,946,419</u>	<u>\$ 5,942,055</u>	<u>\$ 8,617,681</u>	<u>\$ 6,180,841</u>	<u>\$ (903,185)</u>	<u>\$ 54,809,359</u>

The receivables not expected to be collected within one year include the revolving loan fund notes of \$5,600,547 and the amount due from the Village of West Salem TIF district of \$980,119 held in the Business fund. Also in the general fund the City of La Crosse TIF Note held by the general fund in the amount of \$554,337, and within the Solid Waste Fund \$396,833 of lease container receivables.

**Property Taxes**

The County's property taxes are levied on or before December 31 on the equalized valuation as of the prior January 1 for all general property located in the County. The taxes are due and payable in the following year. Such amounts are recorded as property taxes receivable and deferred inflows of resources in the accompanying financial statements. The aggregate levy of \$30,946,419 will be recognized during 2013.

Property taxes are recognized in the appropriate fund as revenues in the succeeding year when they are collected and available to finance services. If not collected by July 31<sup>st</sup> the delinquent property taxes are recorded as receivables and deferred inflows of resources in the general fund. Delinquent property taxes are recognized as revenue when collected.

Simple interest and penalty of 1 ½ percent per month delinquent property taxes are assessed by the County and recognized as revenue when received.

The County purchases uncollected property taxes from other taxing authorities at the unpaid amount to facilitate the collection of the taxes. The purchases are a financing arrangement and are not included in property tax revenue.

At this time, a settlement process between the county treasurer and local treasurers determines the amount due the various taxing districts. Tax collection becomes the responsibility of the County and taxes receivable represent unpaid taxes levied for all taxing entities within the County. The exception to this process is the City of La Crosse, wherein the settlement process does not occur until August of each year. Periodic payments from these taxing districts to the County are made prior to August of each year.

On August 31, the tax lien date, all unpaid taxes are reflected as tax certificates. A \$50,000 allowance for losses on delinquent taxes has been provided.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 4 – RECEIVABLES (CONTINUED)**

Delinquent property taxes purchased from other taxing authorities are shown as nonspendable portion of fund balance at year-end. Delinquent property taxes levied by the County are shown as deferred inflows of resources and are excluded from the fund balance until collected. At December 31, delinquent property taxes by year levied consisted of the following:

	<u>Balance</u>			<u>Balance</u>
	<u>January 1</u>	<u>Additions</u>	<u>Collections</u>	<u>December 31</u>
2013	\$ -	\$ 3,018,387	\$ 1,420,922	\$ 1,597,465

Total construction in progress business-type activities	<u>\$ 7,284,459</u>

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 6 - DEFERRED OUTFLOW OF RESOURCES**

La Crosse County entered into an agreement with Xcel Energy in March of 1986 for the Solid Waste Fund for purposes of helping finance capital costs of the La Crosse County Resource Recovery Facility. This agreement has been amended several times over the years, with the most recent contract extending until June 30, 2023. The Solid Waste Fund had been paying for this cost as part of its operating expenses on a monthly basis. In 2006, the County refinanced this obligation by issuing \$9,355,000 of debt to pay off the liability of \$9,173,714 to Xcel. The original amount was capitalized and is being amortized over the life of the agreement. During 2013, the amortization expense related to this contract was \$535,691 with the balance remaining of \$5,222,990.

**NOTE 7 – INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS**

Interfund receivables and payables between individual funds of the County, as reported in the fund financial statements as of December 31 were as follows:

	<b>Receivable From Other Funds</b>	<b>Payable To Other Funds</b>
Major Governmental Funds		
General Fund	\$ 121,412	\$ 30,680
Human Services Fund	-	2,466
Major Business-Type Funds		
Hillview Health Center	-	2,393
Nonmajor Governmental Funds		
Library	-	10,830
Aging	-	1,356
Nonmajor Business-Type Funds		
McIntosh Manor	-	7,286
Regent Manor	-	104,064
Maplewood CBRF	-	10,062
Household Hazardous Materials	-	8
Internal Service Funds		
County Highway Fund	-	2,542
Workers Compensation Self Insurance	50,275	-
Total	\$ 171,687	\$ 171,687

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

	<b>Advance To Other Funds</b>	<b>Advance From Other Funds</b>
Major Governmental Funds		
General Fund	\$ 1,382,072	\$ -
Business Fund	-	296,451
Nonmajor Business-Type Funds		
McIntosh Manor	-	106,256
Regent Manor	-	184,629
Maplewood CBRF	-	198,736
Monarch Manor	-	400,000
Lakeview Nursing Home Facility	-	196,000
Total	\$ 1,382,072	\$ 1,382,072

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 7 – INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (CONTINUED)**

Interfund transfers as of December 31 were as follows:

	<u>Transfers In</u>	<u>Transfers Out</u>
Major Governmental Funds		
General Fund	\$ 423,966	\$ 5,968,584
Human Services Fund	299,969	-
Debt Service Fund	362,484	-
Business Fund	41,415	-
Nonmajor Business-Type Funds		
Monarch Manor	200,000	-
Internal Service Funds		
County Highway Fund	5,427,200	362,484
Health Self Insurance	-	423,966
Total	<u>\$ 6,755,034</u>	<u>\$ 6,755,034</u>

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use restricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 8— LONG-TERM OBLIGATIONS (CONTINUED)**

---

- (1) 2,740,000 Principal due in annual installments ranging from \$350,000 to \$445,000 with interest rate at 4.50% due semi-annually. Final installment is due October 1, 2020. This debt is being serviced by Sanitary Landfill fees.
- (2) 6,515,000 Principal due in annual installments ranging from \$505,000 to \$825,000; interest due semi-annually at 5.55% to 5.95%. Final installment is due October 1, 2023. This debt is being serviced by Sanitary Landfill fees.
- (3) 9,535,000 Principal due in annual installments ranging from \$545,000 to \$965,000; interest due semi-annually at 3.90% to 4.55%. Final installment is due October 1, 2026. This debt is being serviced by Sanitary Landfill fees.
- (4) 365,000 Principal due in annual installments ranging from \$45,000 to \$60,000; interest due semi-annually at 3.65% to 4.00%. Final installment is due October 1, 2020. This debt is being used to finance infrastructure improvements to property within the County's industrial park. This debt is being serviced by the Business Fund.
- (5) 1,470,000 Principal due in annual installment of \$1,470,000; interest due semi-annually at 3.50% to 4.50%. Final installment is due December 1, 2014. This debt is being serviced by Sanitary Landfill fees, Old Landfill cash, and Debt Service Fund.
- (6) 17,000,000 Principal and interest due in annual installments ranging from \$870,000 to \$980,000 with a final principal payment of \$12,385,000 due October 1, 2019; interest due annually at 2.0% to 4.0%. This debt is being serviced by the Debt Service Fund.
- (7) 5,824,778 Principal and interest due in annual installments of \$518,602 with interest rate of 4.5% with a final principal payment of \$4,422,323 due March 15, 2019. This debt is being serviced by the Debt Service Fund.
- (8) 2,105,000 Principal due in annual installments ranging from \$105,000 to \$150,000; interest due semi-annually at 0.8% to 5.6%. Final installment is due October 1, 2030. This debt is being serviced by the Hillview Terrace Fund.
- (9) 765,000 Principal due in annual installments ranging from \$380,000 to \$385,000; interest due semi-annually at 0.85% to 2.45%. Final installment is due October 1, 2015. This debt is being serviced by the Debt Service Fund.
- (10) 3,590,000 Principal due in annual installments ranging from \$225,000 to \$330,000; interest due semi-annually at 0.65% to 5.0%. Final installment is due April 1, 2026. Portions of this debt are being serviced by the Business Fund and an internal charge of 1.1% of WRS eligible earnings by all funds with payments being recorded in the Debt Service Fund. Starting in 2014, the debt is being serviced by the Business Fund and the remaining portion by the Debt Service Fund.
- (11) 3,140,000 Principal due in annual installments ranging from \$160,000 to \$265,000; interest due semi-annually ranging from 2.0% to 4.0%. Final installment is due April 1, 2028. This debt is being serviced by the Debt Service Fund.
- (12) 1,145,000 Principal due in annual installments ranging from \$380,000 to \$385,000; interest due semi-annually ranging from 0.50% to 1.3%. Final installment is due October 1, 2016. This debt is being serviced by the Debt Service Fund.
- (13) 2,000,000 Principal due in annual installments ranging from \$495,000 to \$505,000; interest due semi-annually ranging from 1% to 2%. Final installment is due October 1, 2017. This debt is being serviced by the Debt Service Fund.
- (14) 5,245,000 Principal due in annual installments ranging from \$540,000 to \$630,000; interest due semi-annually ranging from 2% to 2.3%. Final installment is due October 1, 2023. This debt is being serviced by the Debt Service Fund.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 8— LONG-TERM OBLIGATIONS (CONTINUED)**

- (15) 7,435,444 Accrued amount of sick pay, vacation, and compensatory time credits of County employees. The General Fund services compensated absences related to the sick leave liability for all the funds. Accrued vacation is considered payable within one year and is serviced within the applicable governmental activities, business-type activities, or proprietary fund statement of net position.
- (16) 826,056 Post employment benefit obligation that is applicable to the governmental and business-type funds. See Note 11 for further explanation of the County's liability at December 31.
- (17) 585,423 The old landfill is closed and only post closure care remains. See Note 14 for an explanation of the County's liability at December 31. This debt is being serviced by the Old Landfill Fund.
- (18) 9,512,709 Estimated liability for closure and post closure costs of the ash monofill and the sanitary landfill, and post closure costs for the demolition landfill which has been closed. This liability will be funded through user fees within the Solid Waste Fund.

Principal and interest requirements for the general obligation debt issues (excluding capital lease obligations) are as follows:

	<u>Governmental Activities</u>		<u>Business-type Activities</u>

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 9— NET POSITION/FUND BALANCE**

**Government-wide Statements**

Net position is classified into three components:

- a. Net investment in capital assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted – Consists of amounts with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted – All other amounts that do not meet the definition of “restricted” or “net investment of capital assets.”

The calculation of net position as of December 31 is as follows:

	<b>Governmental Activities</b>	<b>Business-type Activities</b>
Net investment of capital assets		
Capital Assets, Net of Accumulated Depreciation	\$ 121,039,237	\$ 22,481,497
Less Outstanding Long-term Debt	(40,363,369)	(20,925,248)
Plus Noncapital Related Long-term Debt	4,082,419	7,099,360
Total net investment of capital assets	84,758,287	8,655,609
Restricted		
For debt service	675,656	-
For excess sales tax	2,950,818	-
For elderly programs	381,265	-
For land records	379,670	-
For Business fund	6,033,579	-
For Human service programs	441,414	-
For Environmental programs	723,506	-
For Library programs	233,978	-
For Urban transportation	214,708	-
For Register of deeds	245,679	-
For other purposes	35,611	-
Total restricted	12,315,884	-
Unrestricted	29,975,895	15,286,663
Total Net Position	\$ 127,050,066	\$ 23,942,272

**Fund Statements**

Governmental fund balance is reported on the fund financial statements is as follows:

- a. Nonspendable—includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted—includes fund balance amounts with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 9— NET POSITION/FUND BALANCE (CONTINUED)**

---

- c. Committed—includes fund balance amounts that are constrained for specific purposes that are internally imposed by the County through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action of resolution by the County Board of Supervisors. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Board of Supervisors that originally created the commitment.
- d. Assigned—includes spendable fund balance amounts that are intended to be used for specific purposes that are not considered restricted or committed. Fund balance may be assigned through the following: 1) the Board of Supervisors has adopted a fund balance policy authorizing the Executive Committee to assign amounts for a specific purpose. 2) All remaining positive spendable amounts in governmental funds, other than the general fund, that are neither restricted nor committed. Assignments may take place after the end of the reporting period.
- e. Unassigned—includes residual positive fund balance within the general fund which has not been classified within the other aforementioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 9– NET POSITION/FUND BALANCE (CONTINUED)**

County ordinance requires that the general fund maintain a minimum unassigned fund balance between 25 to 50 percent of the total of the general fund expenditures. Unassigned fund balance falling below this minimum level should be replenished within the succeeding calendar year per county ordinance. At December 31, this percentage was 47.8 percent.

The County adopted in 2008, a resolution to initiate interest stabilization. Stabilization amounts may be expended for projected shortfalls in interest earnings. Any excess interest earnings above final budget will be added to this reserve. These resources have been used in the County’s budget process on an annual basis. The balance at December 31 was \$420,901.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the County Board has provided otherwise in its commitment or assignment action.

**NOTE 10 – EMPLOYEES’ RETIREMENT SYSTEM**

Eligible County employees participate in the Wisconsin Retirement System (WRS), a cost-sharing, multiple-employer, defined benefit, public employee retirement system. All employees, initially employed by a participating WRS employer prior to July 1, 2011, expected to work at least 600 hours a year and expected to be employed for at least one year from employee’s date of hire are eligible to participate in the WRS. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year and expected to be employed for at least one year from employee’s date of hire are eligible to participate in the WRS.

Effective the first day of the first pay period on or after June 29, 2011, the employee required contribution was changed to one-half of the actuarially determined contribution rate for employees in the General Employment category, including Teachers, and Executives and Elected Officials. Required contributions for protected contributions are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement. Contribution rates for 2013 are:

	<b>Employee</b>	<b>Employer</b>
General (including Teachers)	6.65%	6.65%
Executives & Elected Officials	7.00%	7.00%
Protective with Social Security	6.65%	9.75%
Protective without Social Security	6.65%	12.35%

The last three years of retirement information is summarized below.

	<b>2013</b>	<b>2012</b>	<b>2011</b>
Covered Payroll	\$48,685,153	\$47,745,484	\$47,963,370
Total Payroll	50,612,516	49,452,590	49,249,786
Total Contribution	6,552,762	5,713,339	5,773,404
Employer required contribution	3,314,231	2,893,277	3,129,689
Employer percentage of covered payroll	6.8%	6.1%	6.5%
Employee required contribution	3,238,531	2,820,062	2,643,715
Employee percentage of payroll	6.7%	5.9%	5.5%

All required contributions were made.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 10 – EMPLOYEES’ RETIREMENT SYSTEM (CONTINUED)**

Employees who retire at or after age 65 (62 for elected officials and 54 for protective occupation employees with less than 25 year of service, 53 for protective occupation employees with more than 25 years of service) are entitled to receive a retirement benefit. Employees may retire at age 55 (50 for protective occupation employees) and receive actuarially reduced benefits. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor. A final average earnings is the average of the employee’s three highest years’ earnings. Employees terminating covered employment and submitting application before becoming eligible for a retirement benefit may withdraw their contributions and, by doing so, forfeit all rights to any subsequent benefit. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998 and prior to July 1, 2011 are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011 must have five years of creditable service to be vested.

The WRS also provides death and disability benefits for employees. Eligibility and the amount of all benefits are determined under Chapter 40 of Wisconsin Statutes.

The WRS issues an annual financial report that may be obtained by writing to the Department of Employee Trust Funds, P.O. Box 7931, Madison, WI 53707-7931.

**NOTE 11 – OTHER POST EMPLOYMENT BENEFITS - OPEB**

**Plan Description**

The County provides post-retirement medical care benefits, in accordance with union contracts and the County’s personnel policy, to all retirees who are eligible to receive the benefit. Upon retirement, eligible retirees may remain on the County’s group medical plan provided that the retiree self-pays the full (100%) required medical premium amount. Eligible retirees will also receive 85% of their accumulated unused sick leave as a cash payment at retirement date.

All employees are eligible based on the following criteria: (1) any current retiree who has applied for WRS annuity; (2) retirees who have 30 or more years of service.

**Funding Policy**

The contribution requirements of plan members are established and may be amended by the County. The County’s current policy provides for contributions to the plan based on a pay as you go method.

**Annual OPEB Cost and Net OPEB Obligation**

The County’s annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB standards. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the County’s annual OPEB costs for the year, the amount actually contributed to the plan, and changes in the County’s net OPEB obligation.

Annual required contribution	\$ 278,722
Interest on net OPEB obligation	22,879
Adjustment to annual required contribution	-
Annual OPEB cost	<u>301,601</u>
Contributions Made	<u>16,043</u>
Increase in Net OPEB Obligation	317,644
Net OPEB Obligation - Beginning of Year	<u>508,412</u>
Net OPEB Obligation - End of Year	<u>\$ 826,056</u>

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

**NOTE 11 – OTHER POST EMPLOYMENT BENEFITS – OPEB (CONTINUED)**

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for December 31 and the two preceding years were as follows:

Calendar Year Ending	Annual OPEB cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/2011	\$321,329	67.9%	\$629,685
12/31/2012	268,401	145.2%	508,412
12/31/2013	301,601	95.7%	826,056

**Funded Status and Funding Progress**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The funded status of the plan as of December 31 was as follows:

Actuarial Accrued Liability (AAL)	\$ 2,193,640
Actuarial Value of Plan Assets	-
Unfunded Actuarial Accrued Liability (UAAL)	<u>\$ 2,193,640</u>
Funded Ratio (Actuarial Value of Plan Assets / AAL)	0%
Covered Payroll	\$50,612,516
UAAL as a Percentage of Covered Payroll	4.33%

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**Actuarial Methods and Assumptions**

In the January 1, 2012 actuarial valuation, the projected unit credit cost method was used. The actuarial cost method determines, in a systematic way, the incidence of plan sponsor contributions required to provide plan benefits. It also determines how actuarial gains and losses are recognized in the plan and the experience by the actuarial assumptions.

The cost of the plan is derived by making certain specific assumptions as to rates of interest, mortality, turnover, etc. which are assumed to hold for many years into the future. Since actual experience may differ somewhat from the assumptions, the costs determined by the valuation must be regarded as estimates of the true costs of the plan.

The actuary used the following assumptions. The Wisconsin Retirement System (WRS) assumptions as reported in the December 31, 2011 actuarial valuation report were used for the mortality preretirement, post-retirement and post-disability, employee turnover and withdrawal, disablement, and retirement rates. Sixty percent (60%) of future retirees are expected to participate in the County's retiree medical coverage as of their retirement date for all departments. The market value method was used for asset valuation. The assumed investment rate of return was 4.5% (assuming inflation rate of 4%), the projected payroll increases was 4%, and the medical care trend was 8%, which decreased by 1% per year down to 5%. The amortization method was for 30 year open level percent and level dollar method.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

December 31, 2013

**NOTE 12 – SELF FUNDED INSURANCE AND RISK MANAGEMENT**

The County is exposed to various risks of loss, including general liability, employee health and dental, and worker's compensation claims. The County maintains three internal service funds to account for this activity. The Health and Worker's Compensation Self-Insurance Fund were established to account for and finance losses from employee claims, and the Liability Self-Insurance Fund was established to account for losses associated with general liability claims incurred. The County continues to carry commercial insurance to provide coverage for losses from, theft of, damages to, or destruction of property, including general liability coverage for the nursing homes. Settled claims have not exceeded the commercial coverage in any of the past three years. There were no significant changes in insurable risks or coverage during the year.

**Health Self-Insurance Fund**

The Health Self-Insurance Fund provides coverage up to a maximum of \$150,000 plus an additional aggregate retention of \$90,000 per specific loss and \$18,976,360 for the minimum aggregate of contracts for medical claims, and provides partial coverage for dental claims. The County purchases commercial insurance for claims in excess of the coverage provided by the Fund.

All funds of the County participate in the program and make payments to the Health Self-Insurance Fund based upon actuarial estimates of the amounts needed to pay prior and current year claims. Changes in the Fund's claims liability amounts were as follows:

	<b>Claims Payable January 1</b>	<b>Claims and Changes in Estimates</b>	<b>Claim Payments</b>	<b>Claim Payments</b>
2012	\$ 1,962,488	\$ 15,089,984	\$ (15,428,443)	\$ 1,624,029
2013	1,624,029	17,958,433	(18,059,385)	1,523,077

The claims liabilities of \$1,523,077 reported above at December 31, are based upon the requirements of GASB standards, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicate that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

**Workers Compensation Self-Insurance Fund**

The County is fully self-insured for worker's compensation claims liabilities. All funds of the County participate in this program. The County pays premiums for stop loss coverage equal to \$350,000 per occurrence and \$2,830,330 in the aggregate. Each fund is billed based upon actual claims paid to employees and administrative expenses incurred.

	<b>Claims Payable January 1</b>	<b>Claims and Changes in Estimates</b>	<b>Claim Payments</b>	<b>Claim Payments</b>
2012	\$ 73,182	\$ 122,570	\$ (86,145)	\$ 109,607
2013	109,607	72,737	(111,791)	70,553

The claims liabilities of \$70,553 reported above at December 31, are based upon the requirements of GASB standards, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicate that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The County expects that all claims payable will be paid within the next year.

**Liability Self-Insurance Fund**

The County is one of seventeen municipalities that are members of Wisconsin Municipal Mutual Insurance Company (WMMIC) which has provided risk management and liability insurance services. The County became a member of WMMIC on January 1, 1988, by issuing a general obligation note for and investing the proceeds in WMMIC. Each member municipality appoints one policy holder to serve as a representative to WMMIC. The policy holders elect a seven member board of directors who are responsible for financing and budget control.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

December 31, 2013

**NOTE 12 – SELF FUNDED INSURANCE AND RISK MANAGEMENT (CONTINUED)**

The County pays annual premiums to WMMIC for its general insurance coverage and establishes a self-insured retention deposit for the payment of small claims. The self-insurance retention deposit provides coverage for up to a maximum of \$150,000 for each claim, with an annual aggregate of \$475,000. WMMIC provides the coverage for claims in excess of these amounts up to a maximum of \$10 million per occurrence, \$30 million annual aggregate.

The policy is non-assessable. The County's share of participation is determined on a basis of prior claim history and can be affected by acceptance of new members and their respective shares are shown below:

	<u>Percent Share</u>
Eau Claire County	3.83%
City of Madison	15.69
Waukesha County	10.00
Brown County	7.16
Dane County	9.33
Outagamie County	6.12
Manitowoc County	5.65
Kenosha County	6.19
City of Eau Claire	3.28
Chippewa County	3.31
La Crosse County	3.55
Dodge County	3.91
St. Croix County	3.95
Rock County	4.50
Walworth County	5.02
Jefferson County	2.51
Marathon County	<u>6.00</u>
<b>Total</b>	<u>100.00%</u>

The County utilizes the Liability Self-Insurance Fund to account for this activity, and claims incurred during years when the County did not maintain general liability insurance coverage. The claims liability of \$880,961 in the fund at December 31, is based on the requirements of GASB standards, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicate that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Fund's claims liability amounts were as follows:

	<b>Claims Payable January 1</b>	<b>Claims and Changes in Estimates</b>	<b>Claim Payments</b>	<b>Claim Payments</b>
2012	\$ 874,240	\$ 236,953	\$ (254,514)	\$ 856,679
2013	856,679	64,299	(40,017)	880,961

The County's capital deposit in WMMIC is reported on the Liability Self-Insurance Fund balance sheet in the amount of \$685,036. According to its bylaws, WMMIC allocates equity to members based on a percentage of participation. At December 31 the equity allocated to La Crosse County was \$1,384,590.

The County's equity share is not recorded in these financial statements.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 13 – COMPONENT UNIT – MISSISSIPPI VALLEY HEALTH SERVICES COMMISSION**

---

This report contains the Mississippi Valley Health Services Commission (MVHS), which is included as a component unit of the County of La Crosse, State of Wisconsin. Financial information is presented as a discrete column in the statement of net position and statement of activities. MVHS is a legally separate governmental organization that was formed in 2009 for the purpose of organizing and establishing a multi-jurisdictional public entity which operates a nursing home facility for the developmentally disabled. MVHS is governed by thirteen counties, each who appoint one member by the respective participating counties. La Crosse County Board, exercises its will by appointing three members to MVHS of which two members must serve as the president and vice president, respectively. The County contracts with MVHS to provide personnel and human resources related to the administration and management of the nursing home, as well as provide financial resources for the operations, including any incidental costs or services.

In addition to the basic financial statements and the preceding notes to financial statements which apply, the following additional disclosures are considered necessary for a fair presentation.

**A. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The Commission follows the governmental enterprise fund accounting and uses the accrual basis of accounting and the flow of economic resources measurement focus.

**B. Receivables**

Receivables are recorded at their gross value. Receivables include private pay balances, medical assistance, County assessments, and Title XIX intergovernmental transfer program payments. No amounts are considered uncollectible based on management's analysis of individual receivable balances.

**Revenues**

Daily patient service revenue includes amounts billed to Medicare, Medical Assistance, and the Veteran's Administration, in addition to private sources. Also, the participating Counties are charged an assessment rate per day for each patient day for residents placed in the facility.

**Lease and Administrative Agreement**

MVHS has entered into a lease and administrative agreement with the County of La Crosse to provide personnel and human resources related to the administration and operation of Lakeview Health Center, a nursing home and facility for the developmentally disabled. Under the term of the agreement, MVHS purchases personnel, accounting and cash management services. In addition, MVHS pays rent to the County to cover utilities, insurance, repairs to the building and an amount equal to depreciation expense on the equipment and facilities. The agreement commenced on July 1, 2009 and will continue until December 31, 2022 on a calendar fiscal year.

La Crosse County pays MVHS a member assessment based on patient days of care. In addition, the County pays the difference between the sum of the assessments of all members and the actual costs of MVHS's operations, as determined in the MVHS Medicaid cost reports filed with the State of Wisconsin. During the year, the County paid MVHS \$1,704,829 in member assessments and has an outstanding payable to MVHS of \$143,110.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 14 – LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS**

---

La Crosse County currently has four landfill sites: The “new” landfill site, the demolition landfill site, the ash monofill landfill and the “old” landfill site which is closed and is being monitored. These sites are being accounted for as follows:

**NEW LANDFILL, ASH MONOFILL AND DEMOLITION - SOLID WASTE ENTERPRISE FUND**

State and federal laws and regulations require that La Crosse County place a final cover on these landfills when closed and perform certain maintenance and monitoring functions at the new landfill sites only for forty years after closure. In addition to operating expenses related to current activities of the landfill, an expense provision and related liability are being recognized based on the future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is based on the amount of the landfills used during the year. Presently it is estimated that the new landfill is 87% filled, the demolition landfill was closed in 2008, and the ash monofill landfill is 88% filled. The ash monofill landfill is expected to last until 2017 while the new landfill is currently expected to last until 2015. The estimated liability for landfill closure and postclosure care costs and total future estimated costs as of December 31 is as follows:

Total estimated costs for construction, closure, and postclosure care	\$ 10,810,057
Estimated costs expensed through December 31	<u>(9,512,709)</u>
<b>Estimated costs of construction, closure, and postclosure care to be recognized in future years</b>	<b><u>\$ 1,297,348</u></b>

The estimated total current cost of the landfill construction, closure and postclosure care of \$10,810,057 is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of December 31. However, the actual cost of closure and postclosure care may be different due to inflation, changes in technology, or changes in landfill laws and regulations.

With respect to these landfills, La Crosse County is required by state and federal laws and regulations to make annual contributions to finance closure and postclosure care. The County is in compliance with these requirements, and at December 31 investments of \$8,719,261 are held for these purposes. These investments are held and managed by the County and are presented on the County’s Statement of Net Position as “Restricted Investments.” It is anticipated that future inflation costs will be financed in part from earnings on investments. The remaining portion of anticipated future inflation costs (including inadequate earnings on investments, if any) and additional costs that might arise from changes in postclosure requirements (due to changes in technology or more rigorous environmental regulations, for example) may need to be covered by charges to future landfill users, tax levy, or both.

**OLD LANDFILL – SPECIAL REVENUE FUND**

La Crosse County also has an old landfill that is currently no longer accepting waste and is being monitored. The estimated liability for postclosure care costs has a balance of \$585,423 as of December 31. The estimated total current cost of the landfill postclosure care is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of December 31. However, the actual cost of postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

La Crosse County was required by state and federal laws and regulations to make contributions to finance closure and postclosure care. The County is in compliance with these requirements, and at December 31 investments of \$591,531 are held for these purposes. These investments are held and managed by the County and are presented on the County’s balance sheet as “Restricted Investments.” It is anticipated that future inflation costs will be financed in part from earnings on investments held by the trustee. The remaining portion of anticipated future inflation costs (including inadequate earnings on investment, if any) and additional costs that might arise from changes in post closure requirements (due to changes in technology or more rigorous environmental regulations, for example) may need to be covered by tax levy.

**LA CROSSE COUNTY, WISCONSIN  
NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 15 – DEFERRED COMPENSATION PLAN**

---

La Crosse County, Wisconsin offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are held solely for the benefit of the employees or their beneficiaries. These funds are held, invested and disbursed in accordance with the plan document by a third party administrator and accordingly, are not recorded in these financial statements.

---

**NOTE 16 – COMMITMENTS, CONTINGENCIES AND SUBSEQUENT EVENTS**

---

Numerous personal injury lawsuits are pending against the County. The outcome and eventual liability to the County, if any, in these cases is not known at this time. The Corporation Counsel and other County officials estimate that the potential claims against the County, not covered by insurance, resulting from such litigation are covered by existing liability reserves.

The County has received federal and state grants for specific purposes that are subject to various audit requirements. As a result of these audit requirements, various costs may be disallowed under terms of the grant. County management believes such disallowances, if any, to be immaterial.

The construction of the Monarch Manor building - an eight bed CBRF (community based residential facility) was completed at the end of May 2014 with residents moving into the facility in early June. At December 31, 2013 the County was committed to a construction contract in the amount of \$863,000, of which \$244,877 was recorded in construction work in progress accounts within the financial statements.

As of December 31, 2013, the County was committed to a contract for the design of a new long-term care facility in the amount of \$852,862 with an architectural firm. The project includes the design of two 15 bed CBRF's, one 10 bed nursing home and one 50 bed nursing home.

In December 2013, the County agreed to sell 25 acres of land to the West Salem School District. Closing on the sale happened in May of 2014 for net proceeds of \$619,848.

---

**NOTE 17 – RELATED PARTY TRANSACTIONS**

---

La Crosse County has entered into a lease and administrative agreement with Mississippi Valley Health Services Commission (MVHS). Pursuant to this agreement La Crosse County provides to MVHS all management, administrative and personnel resources associated with the operation of a nursing home and facility for the developmentally disabled known as Lakeview Health Center. MVHS pays rent to La Crosse County for the facility in an amount equal to the depreciation expense related to the capital assets of the facility owned by the County. This payment is accounted for in the Lakeview Nursing Home Facility Fund, a nonmajor enterprise fund. In addition MVHS has agreed to pay additional amounts to cover costs related to utilities, insurance, repairs and, if applicable, taxes associated with the building and the property.

During the current year, rents and other consideration received by La Crosse County under this agreement from MVHS were as follows:

Rent of the facility and capital assets	\$ 299,923
Additional rent for utilities, insurance, repairs and other facility related items	451,809
Personnel and related benefits	9,277,184

La Crosse County pays MVHS a member assessment based on patient days of care. In addition, the County pays the difference between the sum of the assessments of all members and the actual costs of MVHS's operations, as determined in the MVHS Medicaid cost reports filed with the State of Wisconsin. During the year, the County paid MVHS \$1,704,829 in member assessments and has an outstanding payable to MVHS of \$143,110.

**NOTES TO BASIC FINANCIAL STATEMENTS**

**December 31, 2013**

---

**NOTE 18 – CHANGES IN ACCOUNTING PRINCIPLES**

---

During the past several years, the Governmental Accounting Standards Board has issued several statements that affect governmental reporting.

In 2012, the Governmental Accounting Standards Board issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. The objective of this Statement is to establish accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognized, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The County implemented the requirements of this standard beginning with the year ending December 31, 2012.

In 2012, the Governmental Accounting Standards Board issued Statement No. 67, *Financial Reporting for Pension Plans-an amendment of Statement No. 25*. The objective of this Statement is to improve the financial reporting by state and local governmental pension plans. The County will implement the requirements of this standard beginning with the year ending December 31, 2014.

In 2012, the Governmental Accounting Standards Board issued Statement No. 68, *Accounting and Financial Reporting for Pensions-an amendment of GASB St No. 27*. The objective of this Statement is to improve the accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. The County will implement the requirements of this standard beginning with the year ending December 31, 2015.

In 2013, the Governmental Accounting Standards Board issued Statement No. 69, *Government Combinations and Disposals of Governmental Operations*. The objective of this Statement is to establish accounting and financial reporting standards related to government combinations and disposals of government operations, including a variety of transactions referred to as mergers, acquisitions, and transfers of operations. The County will implement the requirements of this standard beginning with the year ending December 31, 2014.

In 2013, the Governmental Accounting Standards Board issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. The objective of this Statement is to improve accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees. The county implemented the requirements of this standard beginning with the year ending December 31, 2013. This implementation had no significant effect.

In 2013, the Governmental Accounting Standards Board issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The objective of this Statement is address an issue regarding application of the transition provisions relating to the amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. The County will implement the requirements of this standard beginning with the year ending December 31, 2014.

This information is an integral part of the accompanying financial statements.

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION**

**December 31, 2013**

---

**NOTE 1 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

---

**A. BUDGETARY INFORMATION**

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In July, the department heads submit budget requests to the Finance Department. The Finance Department totals these requests and compiles a County wide budget.
2. From August through November, various budget meetings take place to review the departmental and County budget.
3. A public hearing is then conducted to obtain taxpayer comments.
4. In November, the budget is legally enacted through passage of a resolution by the County Board of Supervisors. The legal level of budgetary control is the function level in the General Fund and total expenditures in all other funds.
5. Department heads are responsible for monitoring their budgets. In the event of a projected overage, the department head jointly with the County Administrator and Finance Director develop a funding strategy.
6. The Executive Committee is authorized to transfer budgeted amounts between and within departments; however, any transfers between funds or amounts that will be spent out of unassigned fund balances must be approved by the County Board of Supervisors.
7. The budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles.
8. In instances where budget appropriations and estimated revenues have been revised during the year, budget data presented in the financial statements and schedules represent the final authorized amounts.

*This Page Was Intentionally Left Blank*

## ***MAJOR GOVERNMENTAL FUNDS***

**General Fund** - to account for the primary operating fund of the County. It is used to account for resources traditionally associated with governments which are not required to be accounted for in another fund. Funding is provided through property taxes, state and federal grants, licenses and permits, fines and penalties, and public charges for services.

**Human Services Fund** - to account for the services provided in the areas of mental health, developmental disabilities, alcohol and drug abuse, and economic support for family and children. Funding is provided through state and federal grants, patient fees, property taxes and donations.

**Debt Service Fund** - to account for the accumulation of resources for, and the payment of, general obligation debt principal, interest, and related costs. Funding is provided through property taxes, and intergovernmental revenues.

**Business Fund**- to account for loans provided to businesses within the County to promote economic development and the development of the Lakeview Industrial Park. Funding provided by economic grants and principal and interest repayments on loans.

# ***NONMAJOR GOVERNMENTAL FUNDS***

## **Special Revenue Funds:**

**Computer Revolving Loan Fund** - to account for loans provided to County employees for purchases of computers.

**Land Records Assessment Fund**- to account for the computerized land information system created by the County. Funding is provided through fees charged by the Register of Deeds which are designated for computerization of land records service.

**Special Jail Assessment Fund**- to account for the portion of the traffic violations collected by the Clerk of Courts which are designated for law enforcement use.

**Library Fund**- to account for the costs related to providing library services to residents of the County. Funding is provided through dedicated property taxes, grants and user charges.

**Old Landfill Fund**- to account for the current costs associated with postclosure care of the old landfill. Funding was provided in prior years by dedicated property tax levy.

**Aging Fund**- to account for the services provided to elderly residents of the County. Funding is provided through federal and state grants, public charges for services and donations and contributions.

**Estate Donation Fund**- to account for monies bequeath to the County Aging Department designated to be used for services provided to elderly residents of the County.

**Health Fund**- to account for costs of health services provided to residents of the County. Funding is provided through state and federal grants, patient fees, and property taxes.

## ***INTERNAL SERVICE FUNDS***

**County Highway Fund** - to account for the operations of the County Highway Department, which consists primarily of the maintenance and construction of the County trunk highway system, maintenance of state highways within the County, and provision of highway services to other local governments. Resources are provided by state transportation aids, property taxes and user charges.

**Workers Compensation Self-Insurance Fund**- to account for the accumulation of resources and payment of workers compensation claims. Resources are provided by charges to county departments at rates based on experience.

**Health Self-Insurance Fund**- to account for the accumulation of resources and payment of medical and dental insurance claims. Resources are provided by charges to County departments at rates based on prior experience.

**Liability Self-Insurance Fund**- to account for the accumulation of resources and payment of liability insurance claims. Resources are provided by contributions from the General Fund.

# ***STATISTICAL SECTION***

This part of La Crosse County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

	<b>Page</b>
<b>Financial Trends</b>	158
<p>These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.</p>	
<b>Revenue Capacity</b>	163
<p>These schedules contain information to help the reader assess the County's most significant local revenue source, property tax.</p>	
<b>Debt Capacity</b>	167
<p>These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.</p>	
<b>Demographic and Economic Information</b>	172
<p>These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.</p>	
<b>Operating Information</b>	174
<p>These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.</p>	

**Sources:** *Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year. La Crosse County implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.*

On October 1, 2008 the Care Management Organization (CMO), a business-type activity, discontinued operations as part of the County and began operations as a separate Long-Term Care District called Western Wisconsin Cares.  
 In 2009 Lakeview Health Center ceased being a fund of La Crosse County; the facility was leased out to Mississippi Valley Health Services.

SOURCE: Wisconsin Department of Revenue, Bureau of Property Tax

(a) Due to varying assessment ratios to full market value used in municipalities, all underlying tax districts such as counties are required to use equalized value for levying property taxes. Equalized value, defined by State Statute, is the legal market value determined by the Wisconsin Department of Revenue Bureau of Property Tax.

(b) Equalized Values are reduced by Tax Increment District value increments for apportioning the County levy.

(c) Per \$1,000 of equalized value

Shelby #2	\$ 128,257	100.00%	128,257
Mindoro #1	-	100.00%	-
St. Joseph # 1	231,007	100.00%	231,007
			<u>\$ 359,264</u>
<b>Technical College Districts</b>			
Western	149,855,000	45.87%	68,738,489
<b>Total Technical College Districts</b>			<u>\$ 68,738,489</u>
<b>TOTAL OVERLAPPING DEBT</b>			<u>\$ 292,548,837</u>
<b>TOTAL DIRECT AND OVERLAPPING DEBT</b>			<u>\$ 353,988,615</u>

(a) The percentage of overlapping debt is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

LA CROSSE COUNTY, WISCONSIN
