

**Environmental Health** 

# 2024 Mobile Plan Review

January 1, 2024 Plan Review Requirement

La Crosse County Environmental Health has a plan review requirement and fee for all new and remodeled mobile food establishments or establishments that have a change of owner in La Crosse County.

Please complete the plan review to the best of your ability and return to Megan Watters in the Environmental Health Department with all items requested along with payment of \$250.00. Failure to return items requested or fee will delay the review process.

Per ATCP 75, our department has 30 business days to complete the plan review of completed documents. If all items are not received or are incomplete, the timeline is paused and / or started over. If less than 30 business days is needed, a rush fee of \$250 will be charged in addition to the \$250 plan review fee.

If you have questions, please contact us at 608-785-9771 or email mewatters@lacrossecounty.org.

For office use only

## Mobile Retail Food Establishment Plan Review Application

All new or extensively remodeled mobile retail food establishments and mobile bases in La Crosse County must submit complete plan review application, floor plans, equipment specifications, and a menu for new structures or major remodeling of present structures of mobile restaurants, mobile beverage establishments, mobile retail food, and mobile bases. These items must be submitted and approved by the Health Department in advance of construction. Plan review fees will be assessed. If operators are found to have built new or extensively remodeled without a plan review submission and approval, then they shall be subject to a plan review fee as well as a penalty fee equal to that of the plan review fee.

When ownership changes in a current establishment, a plan review packet must be submitted to verify that the current establishment meets the updated 2020 Wisconsin Food Code.

The Department will notify the Establishment's Local Contact\* within 10 business days of submittal if the plans are incomplete and cannot be reviewed. The department will review applications within 20 business days from notification that the application is complete. It is strongly encouraged that establishments schedule a pre-plan review meeting by calling **(608) 785-9771** prior to submittal.

#### Plan Review Checklist:

 $\Box$  Floor plan drawn to scale of both the mobile unit and base with locations and labels for all equipment, plumbing, and storage

- $\Box$  Label all food and beverage storage areas, including back stock, self-service areas, food preparation counters, etc.
- □ Label all chemical, garbage, restrooms, employee-use areas, outer openings (windows/doors).
- $\Box$  Provide a schedule of all locations and events that you will be operating at.
- $\Box$  Location of grease trap, utility/mop sink, backflow prevention devices/methods
- □ Handwashing sinks, food preparation sinks, and warewashing equipment, including hot water heater.
- Equipment specifications for cooking, hot holding, and cold holding of food, beverages, and ice.
- $\Box$  Hood ventilation equipment.
- $\Box$  Source of water supply (if private well, must submit most recent water test results).
- $\Box$  Method of sewage and grease disposal.
- □ Finish materials schedule for all surfaces (floors, walls, ceilings, sinks, counters, shelving, etc.)
- □ Approvals from local municipalities for applicable building, fire, and zoning requirements

## **Plan Submittal**

A detailed set of plans and menu must be submitted with this application. Incomplete plans and application will delay plan approval. The following pages will outline what General Establishment Information, Facility Plans, and Menu information must be included.

A construction check and pre-inspection of the establishment and written approval by the Health Department is required prior to the start of operation and granting of a license. Approval of written plans does not constitute approval of finished structures.

Be advised, regulations are subject to change. Any changes in plans that have not been reviewed by the Health Department must be resubmitted for review and approval. Health Department approval of these plans does not take place of approval and plan submittal to other City, County or State departments.

La Crosse County establishments must complete and submit a license application to the Health Department prior to the pre-inspection.

#### Thawing

List foods that will be thawed	d using the following methods:
--------------------------------	--------------------------------

Ref	frigeration:
Un Un	der running water in food prep sink:
🗌 Mio	crowave as part of cooking process:
	ok from frozen:

## Reheating:

List foods and equipment used to reheat foods rapidly at 165°F.

## **Ready to Eat Food Preparation**

Will produce come pre-washed or will it be washed at the establishment?

Washed onsite

Comes pre-washed

Where will produce be washed? \_\_\_\_\_\_

## When ready-to-eat foods are being prepared how will bare hand contact be avoided?

Disposable gloves Deli tissue Tongs/utensils Other:\_\_\_\_\_

If potentially hazardous ready-to-eat foods are prepped and held longer than 24 hours how will it be date marked and discarded?

### Thermometers:

To verify cooking, cooling, storage, and hot hold temperatures, what type of thermometer will be used? (ex: hanging, probe, digital)

## Wiping cloths:

Describe method and sanitizer used:

## Food displays/buffet/bulk foods

List foods on display and how they will be protected:

## **Facility Floor Plan**

# Submit a floor plan drawn to scale of both the mobile unit and the base location.

Include:

- All equipment used in food storage, food preparation and bar
- 2. Buffet/customer service area
- 3. All sinks:
  - a. Hand sink(s) and lavatories
  - b. Vegetable and food prep sinks
  - c. Utility/mop sinks not in kitchen or public area
  - d. Warewashing sinks with drain boards
  - e. Other:\_\_\_\_\_
- 4. Dish machine/glass washer
- 5. Wait station(s)
- 6. Toilet facilities
- 7. Dry/food storage areas
- Employee break area and personal item storage

- 9. Chemical storage area
- 10. Laundry facilities
- 11. Water heater location
- 12. Bar area
- 13. Indoor/outdoor Seating Areas
- 14. Outdoor cooking/bar (if provided)
- 15. Recycling and garbage area-location of grease receptacle
- 16. Location of all floor sinks and floor drains
- 17. Grease Interceptor/grease trap
- 18. Ice bins and Ice machine
- 19. Dipper wells
- 20. Chemical dispensing units
- 21. Exhaust hoods
- 22. Building site layout including adjacent businesses and outdoor storage areas
- 23. Other : (please List and show on plans)

## **Equipment Schedule**

Provide corresponding specification/cut sheets for all new equipment. Note: Used equipment is subject to visual inspection prior to approval for use. (Please list all equipment below)

Number on plans	Equipment Make/Model	New	Used	Plumbing required Yes/No	Installed on castors or sanitary legs	Certified Commercial by NSF/ANSI/ UL/ETL(Sanitation) or other

**Hoods:** Per building and fire codes (ensure approvals and/or correspondence available for review) **Water Heater on Mobile Unit:**

Location:				
Sanitizer used:				
Chlorine Quaternary Ammonia	lodine			
Test Strips provided:				
Chlorine test strips Quaternary Ammonia test strips Iodine test strips				
160 <sup>°</sup> F irreversible test tape				
Pest Control:				
Service Provided: Yes No				
If Yes, list company name:				
Employee Personal Item Storage:				
How and where will employee personal items be stored?				

## Lighting:

Please be advised that all lighting in equipment, food storage, prep and bar areas must be shielded. The following intensities shall be provided; 540 lux (50 food candles) in food prep areas, 108 lux (10 foot candles) in walk in coolers & dry storage and 220 lux (20 foot candles) in all other kitchen areas.

## Finishes:

All finishes in food storage and preparation areas must be smooth, durable and easily cleanable. List below and be able to provide samples if requested.

	Example	Kitchen	Wait stations	Walk in	Dry storage	Custodial closets
Floors	Quarry tile					
Walls	FRP					
Coving	Vinyl base cove					
Ceilings	Smooth panel					
Shelving	Metro racks					

Coved wall floor juncture (ex: rubber baseboard or curved tiles): \_\_\_\_\_

Ensure horizontal pipe and conduit not exposed: \_\_\_\_\_\_

## **Standard Operating Procedures**

The following items must be discussed prior to opening:

- 1. Certified Food Manager
- Employee Health Policy. What training or means will be provided to inform employees of their responsibility to report illnesses, review foodborne illness symptoms, and report any diagnosed illness?
- A Person In Charge (PIC) must be present at all times. This person does not have to be certified, but must know food safety principles and be able to take action if needed. (See the "Food Establishment Plan Review Guidelines" for further details.)
- 4. Allergen Awareness
- 5. Employee training: How will employees be instructed on food safety principles?

#### **Contact Information:**

This application, a set of plans, and a menu may be mailed to:

La Crosse County Health Department 300 4<sup>th</sup> Street North, 2<sup>nd</sup> Floor La Crosse, WI 54601

If you have any questions about this application or need to schedule a preplan review appointment call: La Crosse County Health Department: Environmental Health 608-785-9771
