# 2025 Mobile Plan Review

January 1, 2025 Plan Review Requirement

La Crosse County Environmental Health has a plan review requirement and fee for all new and remodeled mobile food establishments or establishments that have a change of owner in La Crosse County.

Please complete the plan review to the best of your ability and return to Megan Watters in the Environmental Health Department with all items requested along with payment of \$250.00. Failure to return items requested or fee will delay the review process.

Per ATCP 75, our department has 30 business days to complete the plan review of completed documents. If all items are not received or are incomplete, the timeline is paused and / or started over. If less than 30 business days is needed, a rush fee of \$250 will be charged in addition to the \$250 plan review fee.

If you have questions, please contact us at 608-785-9771 or email mewatters@lacrossecounty.org.

<u>For office use only</u>

## **Mobile Retail Food Establishment Plan Review Application**

All new or extensively remodeled mobile retail food establishments and mobile bases in La Crosse County must submit complete plan review application, floor plans, equipment specifications, and a menu for new structures or major remodeling of present structures of mobile restaurants, mobile beverage establishments, mobile retail food, and mobile bases. These items must be submitted and approved by the Health Department in advance of construction. Plan review fees will be assessed. If operators are found to have built new or extensively remodeled without a plan review submission and approval, then they shall be subject to a plan review fee as well as a penalty fee equal to that of the plan review fee.

When ownership changes in a current establishment, a plan review packet must be submitted to verify that the current establishment meets the updated 2020 Wisconsin Food Code.

The Department will notify the Establishment's Local Contact\* within 10 business days of submittal if the plans are incomplete and cannot be reviewed. The department will review applications within 20 business days from notification that the application is complete. It is strongly encouraged that establishments schedule a pre-plan review meeting by calling **(608) 785-9771** prior to submittal.

Plan Review Checklist:
$\Box$ Floor plan drawn to scale of both the mobile unit and base with locations and labels for all equipment, plumbing, and storage
$\hfill\Box$ Label all food and beverage storage areas, including back stock, self-service areas, food preparation counters, etc.
$\Box$ Label all chemical, garbage, restrooms, employee-use areas, outer openings (windows/doors).
$\square$ Provide a schedule of all locations and events that you will be operating at.
$\square$ Location of grease trap, utility/mop sink, backflow prevention devices/methods
$\Box$ Handwashing sinks, food preparation sinks, and warewashing equipment, including hot water heater.
$\square$ Equipment specifications for cooking, hot holding, and cold holding of food, beverages, and ice.
$\square$ Hood ventilation equipment.
$\square$ Source of water supply (if private well, must submit most recent water test results).
$\square$ Method of sewage and grease disposal.
$\square$ Finish materials schedule for all surfaces (floors, walls, ceilings, sinks, counters, shelving, etc.)

#### **Plan Submittal**

A detailed set of plans and menu must be submitted with this application. Incomplete plans and application will delay plan approval. The following pages will outline what General Establishment Information, Facility Plans, and Menu information must be included.

A construction check and pre-inspection of the establishment and written approval by the Health Department is required prior to the start of operation and granting of a license. Approval of written plans does not constitute approval of finished structures.

Be advised, regulations are subject to change. Any changes in plans that have not been reviewed by the Health Department must be resubmitted for review and approval. Health Department approval of these plans does not take place of approval and plan submittal to other City, County or State departments.

La Crosse County establishments must complete and submit a license application to the Health Department prior to the pre-inspection.
