CCS UTILIZES WRAPAROUND TEAMS

A team is formed for each CCS Consumer that includes: the consumer, service facilitator, mental health professional, service providers and other individuals (family, friends, etc.) that the consumer (you) wishes to include for advocacy and support. **This team meets at least monthly to ensure success.**

**Coordinated Services Team
(CST)**

CST is...

- A Wraparound team process that is strength based and driven by a shared set of core values (family centered, outcome oriented, strength based, culturally responsive, community based, individualized planning, builds on natural supports).
- Provides families access to needed support and services as well as ownership of their own plan.
- Team approach to respond to consumers with multiple needs.
- Services are supported through collaborative efforts of both formal and informal supports.

CCS COST TO YOU

CCS IS A VOLUNTARY PROGRAM THAT IS PRIMARILY FUNDED BY MEDICAID. IF YOU ARE PARTICIPATING IN CCS AND ARE NO LONGER COVERED BY MEDICAID, THERE WILL BE COST TO YOU FOR SERVICE

CCS CORE VALUES

- YOU ARE THE DRIVER AND WILL BE PART OF A TEAM
- BUILDS ON NATURAL & COMMUNITY SUPPORTS
- GOAL DRIVEN/OUTCOME ORIENTED
- SERVICE ARE BASED ON CLINICAL NEED
- SERVICE PROVIDED AT LOCATION OF CLINICAL NEED
- SERVICE WILL BE PROVIDED IN THE LEAST RESTRICTIVE MANNER
- CCS STRIVES TO PROVIDE SERVICES IN COMMUNITY SETTINGS
- CCS WILL WORK WITH INDIVIDUALS TO EMPOWER AND PROMOTE INDEPENDENCE

WHAT THE CCS PROGRAM CANNOT PROVIDE

- Respite or child care
- Transportation
- Autism, developmental disability, and learning disorder services
- Crisis Intervention
- Youth Residential and Placement Service
- Services that are not rehabilitative, including services that are primarily recreation-oriented

CCS is a Service Facilitation model that uses the CST philosophy designed for both children and adults with either a mental health disorder and/or a substance abuse disorder
