

WisDOT 2024-2029 STP-Urban Program Application

NOTE: This application is required for <u>each</u> new potential 2024-2029 program cycle project. Please review the application instructions (see link below) to assist you in completing the application.

STP-Urban Application Instructions

Population Category: 50,000 to 200,000

Project Description

Project Sponsor: County of La Crosse	Facility Owner: Same as Sponsor
Project Location:	
Municipality: Village of Holmen	County: La Crosse
On Route: CTH MH	
At Route (Start): Briggs Road	Offset: 1 (tenths of a mile)
Toward Route (End): CTH HD	
Is the project a planning, administratio the type of project and provide a brief of	n, or other non-infrastructure project? Yes No If yes, please select explanation: SELECT
	the project location. A WISLR map is REQUIRED (refer to the following link) doing-bus/local-gov/wislr/default.aspx
Length of Project: 8 (tenths of a mile)	
Average Daily Traffic (ADT): 3800 Al	DT Year: 2017 Posted or Statutory Speed Limit(s): 35 (mph)
Functional Classification: Minor Arteria	al
NOTE: Roadway must be functionally	classified as a <u>Collector or higher</u> to be eligible for funding.

Existing Facility

Number of Lanes: 4	Lane Width: 12	Cross Section: 🗌 Rural	🔀 Urban
Pavement Type: Asphalt	If Combination, explain:	Pavement Width:	48
Pavement Rating: 6	Pavement Condition: fair	Year Last Improved: 1997	7
Shoulder Type: Asphalt	If Combination, explain:	Shoulder Width:	7
Existing Sidewalk? 🗌 Yes,	one side 🛛 🔀 Yes, both s	sides 🗌 No	
Existing bicycle accommoda	tions? 🗌 Yes, on street	🛛 Yes, off street 🗌 N	0
If Yes to either of previo	ous questions, are bicycle/p	edestrian accommodations	designated as part of a regional or
local bicycle or pedestrian sy	ystem?		
🗌 Yes 🛛	No		
Lighting: SELECT	Lighting Style: SELECT		
Shoulder Type: Asphalt Existing Sidewalk? Yes, Existing bicycle accommoda If Yes to either of previo local bicycle or pedestrian sy Yes Yes	If Combination, explain: one side Xes, both s tions? Yes, on street ous questions, are bicycle/po ystem?	Shoulder Width: Sides No	7 Io

Any federal-aid-eligible structures within the existing facility? 🗌 Yes	No If yes, please indicate the structure ID
#(s):	

Does a railroad facility exist within 1000 feet of the project limits? 🗌 Yes 🛛 No If yes, specify: SELECT Owner of Railroad facility
NOTE: If there are any pertinent railroad considerations, design funds may be included for Railroad Review Costs.
Known Safety Issues? Yes No If yes, specify: (consider applying for Highway Safety Improvement Program [HSIP] funds if applicable)
Is this project within a F4R site? Yes No If YES, a completed 23 CFR 667 Resiliency Scope Certification form and a copy off the completed evaluation must be submitted with this application. NOTE: Refer to the following link, <i>Facilities Repeatedly Requiring Repair and Reconstruction (F4R)</i> <u>https://wisconsindot.gov/Pages/doing-bus/local-gov/astnce-pgms/highway/f4r.aspx</u>

Project Justification

Explain why the project is needed, including the scope and appropriate detail on the project's uniqueness and complexity. Describe specific deficiencies such as pavement cracking, edge raveling, surface deterioration, substandard geometrics, etc. Include and separately identify any 100% locally funded components of the project that are part of the overall improvement.

Project design is 100% locally funded. The pavement is in fair condition, there is block cracking, aligator cracking and rutting. The current asphalt surface is 26 years old and needs replacement. The roadway is not sufficent for the truck traffic routinely utilizing the roadway, and for the adjacent high school traffic resulting in accelerated deterioration. The proposed project will replace existing pavement with asphalt.

Proposed Improvement

NOTE: Applicants should refer to the traffic data and design standards information in the instructions prior to completing this section of the application.
Improvement Type: Pavement Replacement If Combination, explain: Overall Length: 4224 (feet)
Rural Cross Section Length: (tenths of a mile)
Urban Cross Section Length: 8 (tenths of a mile)
Will the project add lanes? Yes No If Yes, describe which part(s) of the project will receive additional lanes:
Grading: 🖂 Minimal 🗌 Moderate 🗌 Extensive
New Pavement Type: Hot Mix Asphalt If Combination, explain: Width: 48 Length: 4224
New Shoulder Type: SELECT If Combination, explain: Width: Length:
Sidewalk One side or both: both Width: 6 Length: 4224
Are bicycle/pedestrian accommodations required as part of a local or regional plan? 🗌 Yes 🛛 🛛 No If yes, specif
Curb and Gutter Length: 4224
Signals Location:
Roundabout Location:
NOTE: Refer to FDM 11-26 for modern roundabout information (<u>http://wisconsindot.gov/rdwy/fdm/fd-11-26.pdf</u>).

If yes, please describe:			

Low-Risk Project Delivery Model

WisDOT, in collaboration with the Federal Highway Association and Wisconsin counties, is continuing the efforts to reduce cost by streamlining delivery and oversight processes on low complexity Local Projects through the development of the Low-Risk Project Delivery Model.

More information on the low-risk delivery model can be found here: <u>https://wisconsindot.gov/Pages/doing-bus/local-gov/lpm/lowrisk-program.aspx</u>

Please indicate if you are interested in discussing if your project fits the low-risk delivery model requirements Yes Xo

Environmental/Cultural Issues

B. Construction Engineering Costs

(Coordinate with WisDOT Region) C. State Review for Construction

Total Construction Cost Estimate with

Construction Engineering and State Review

(Provided by WisDOT Region)

(sum lines A, B and C)

NOTE: All estimates will be reviewed by WisDOT Region staff for consistency with current practices and approaches. WisDOT Region staff, in agreement with the local sponsor, may revise estimates in these categories due to the complexity of the project or other factors. WisDOT will notify the sponsor of any changes to estimates within the application and determine whether the sponsor wishes to continue with the application with the revised estimate.

Key Program Requirements Confirmation

Please confirm your understanding of the following project conditions by **typing your name, title and initials** in the boxes at the bottom of this page. A Head of Government/Designee with fiscal authority for the project sponsor, not a consultant, must initial below AND sign the next page of this application.

- a. All Federal Funding will be limited at the estimate amount unless an increase is approved by WisDOT. Additional costs incurred over the limit will be 100% the responsibility of the project sponsor.
- b. A federally funded design project must be tied to a construction project. Stand alone design projects are no longer eligible for funding (this does not apply to MPO area projects).
- c. Only new projects may apply, existing projects are ineligible for additional funds through the new cycle process. Existing projects requiring additional funds are encouraged to use the existing Project Change and Cost Increase processes.
- d. Federally-funded projects must be designed in accordance with all applicable federal design standards (even if the design for a federally-funded project was 100% locally funded).
- e. The sponsor must provide matching dollar funding of at least 20% of project costs.
- f. The sponsor must not incur costs for any phase of the project until that phase has been authorized for federal charges and the WisDOT Region has notified the sponsor that it can begin incurring costs. Otherwise, the sponsor risks incurring costs that will not be eligible for federal funding.
- g. As the work progresses, the state will bill the project sponsor for work completed which is not chargeable to federal funds. Upon completion of the project, a final audit will be made to determine the final division of costs. If reviews or

audits show any of the work to be ineligible for federal funding, the project sponsor will be responsible for any withdrawn costs associated with the ineligible work.

- h. The project sponsor will pay to the state all costs incurred by the state in connection with the improvement that exceed federal financing commitments or are ineligible for federal financing. In order to guarantee the project sponsor's foregoing agreements to pay the state, the project sponsor, through its duly authorized officers or officials, agrees and authorizes the state to set off and withhold the required reimbursement amount as determined by the state from any moneys otherwise due and payable by the state to the municipality.
- i. If the project sponsor should withdraw the project, it will reimburse the state for any costs incurred by the state on behalf of the project.
- j. For 100% locally funded design projects, costs for design plan development and state review for design are 100% the responsibility of the local project sponsor. Project sponsors may not seek federal funding for only state review for design projects.
- k. The sponsor agrees to state delivery and oversight costs by WisDOT staff and their agents. These costs include review of design and construction documents for compliance with federal and state requirements, appropriate design standards, and other related review. These costs will vary with the size and complexity of the project. The sponsor agrees to add these costs to the project under the same 80% federal and 20% local match requirements.
- I. Transportation construction projects using federal funds except sidewalks, are likely general improvements that primarily benefit the public at large and for which special assessments cannot be levied under s. 66.0703, Wis. Stats. Municipalities desiring to obtain the required local project funding through special assessments levied against particular parcels should seek advice of legal counsel. See Hildebrand v. Menasha, 2011 WI App 83.

I confirm that I have read and understand project conditions (a) through (I) listed above:

Contact Information and Signatures

Application prepared by a consultant?	Yes	🔀 No	If yes, consultant information and signature required below.
Consultant Company Name:	Company I	Location (City, State):
Consultant Signature (electronic only)	:		Date:

NOTE: It is **not permissible** for a consultant to fill out applications gratis (or for a small fee) for a municipality and then be selected to do the design work on a project **unless** the municipality either:

a. uses a one-step QBS process with the scope of work to include the grant application and the design services, if authorized; or

b. uses a two-step QBS process with the scope of work for the first selection for the preparation of the grant application(s) and the second selection for the actual design(s).

In both cases, all costs incurred prior to WisDOT project authorization are the responsibility of the municipality.

See FDM 8-5-3 for additional information: http://wisconsindot.gov/rdwy/fdm/fd-08-05.pdf
