

TIP Amendment Process

Revisions to the TIP may occur between its annually scheduled updates. Revisions include administrative modifications and amendments.

Administrative modifications are revisions to the TIP that are not significant enough to require public or committee notification, review, and comment or re-demonstration of fiscal constraint. Examples include:

- Changing the implementation schedule for a project within the TIP's four-year program window.
- Changing the character of work or project limits while remaining reasonably consistent with an approved project.
- Changing source (Federal, state, local), category, or amount of funding for a project without changing the scope of work or schedule of any other project within the TIP's four-year program window.
- Adding, deleting or modifying a project in the Grouped Project List.

Amendments are project changes significant enough to require public review and comment and re-demonstration of fiscal constraint. Amendments are processed through the LAPC committee structure and by WisDOT and/or MnDOT and require a 15-day public comment period. Amendments include:

- Transit projects that include the addition or deletion of a programmed project, changes to a programmed project's program year or funding source, or a major change in project scope or cost.
- Adding or deleting a project.
- Advancing a project for implementation from the illustrative list.
- Moving a project forward out of the four-year project window.
- Changing the character of work or the project limits of a project such that the current description is no longer reasonably accurate.
- Changing project funding that impacts funding for other projects, forcing any project out of the four-year window.
